Nolan Ryan played 25 seasons in SABA, 1968-1993, with a number of different teams. He broke in with Maumee River in 1968 and stayed with them through several franchise name changes, before going on to play with Heidelberg, Oregon, and Dixie.

REMEMBER NEW RULES

SABA has two new rules for the 2000 season. The first is the new Master Game Pitching Grade conversion chart. Remember to use this when determining the number grade of your pitchers during a game. The new chart is included in the updated league constitution that I am attaching.

The second new rule requires that managers sent me the Series Reports from all of their games during a month, both home and away. You may send them all together with your Monthly Report or separately as you finish them.

-- 1999 SABA All-Star Game --

AMERICAN HURLERS TOSS 2-HITTER

In a season dominated by sluggers, the 1999 SABA All-Star Game turned out to be a classic pitchers' duel. Seven American Conference pitchers held their Capitol Conference foes to two hits and the AC triumphed 2-0. The win cut the Capitol Conference's overall lead in All-Star games to 25-22.

With two outs in the 4th, there had been only one hit between the teams, that a first inning single by Ivan Rodriguez. Larry Walker broke the tie with a long homerun off Mike Hampton. The second AC run also came on a solo homerun, by Mark McGwire in the 7th.

The Capitols were held without a hit until two were out in the 6th when pinch-hitter Sean Casey delivered a double. The CC's biggest threat came in the 7th off Greg Maddux. Luis Gonzalez singled and went to third when McGwire failed to catch a throw on a grounder hit by Sammy Sosa. This put runners on second and third with only one out, but Maddux worked out of the jam by striking out Manny Ramirez and getting Juan Gonzalez to ground out.
