ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 67 Occupation: Retired & Baseball Junkie

The Season Story

Before being bounced unceremoniously by Oakdale in the Conference Finals, Albany enjoyed a fine 106 win season powered by its offense. The team was led by Lou Gehrig who hit .354 with 32 runs and scored 175 runs. Joe Cronin hit .333, scored 150 runs and drove in 122. Goose Goslin hit .339 and drove in 136 runs. Sam West hit .315 and scored and drove in over 120 runs. Max Bishop hit .335 and scored 108 runs and Johnny Vergez was a pleasant surprise with a .342 average, scoring and driving in over 100 runs. Roy Parmelee led the pitching staff with 19 wins and a .326 ERA. Whitehill was 19-3 with a 4.75 ERA. Larry French had 20 wins to pace the staff and Wild Bill Hallahan had 15. Dolf Luque paced the staff with 13 saves and Leon Chagnon added 10. Next year the pitching should be better and the hitting still top notch. Another playoff appearance is likely.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 55 **Occupation:** Meteorologist/Data Scientist

The Season Story

A potent offense combined with a pathetic pitching staff leaves you with a middling .500 record. Outfielders Chuck Klein, Mel Ott, and Al Simmons along with infielders Pinky Higgins and Billy Herman offense to 3rd overall (well behind the top two ranked teams). It was the lack of pitching or, better yet, lackluster pitching that doomed the Hillbillies. Guy Bush managed to win 20 games and was the only pitcher with an ERA under 4! George Earnshaw was second on the team with 13 wins with an ERA of 6.77. Yikes!!! The offense will still be formidable next year and there may be enough pitching to keep Beverly from dropping below .500.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 64 Occupation: Retired Meteorology Professor

The Season Story

BY was a team only Pythagoras could love. The pitching was merely bad with Clint Brown and Carl Fischer occasionally pitching well enough to give the team a shot at a close win. But, the offense was non-existent (only Hurst above 70 runs created. We need a new statistic, Runs Above Comatose, to give these guys any value. That would see how these people would compare to an unconscious batter (although the comatose guy would have a tiny strike zone). The most interesting player was Chuck Dressen, who somehow won the third base job in April. He ended up leading the TML with 63 doubles, but had 15 fewer runs created than doubles. Last year, Bloomington will get the taste of some offense, but it will likely be anti-Minnesota, all of the batters will be below average.

BRONX Highlanders

Manager: Hank Pedicone (Eileen)

Age: 74 **Occupation:** Retired NYS Attorney

The Season Story

It was a relatively successful season for the Highlanders, with 82 wins and a third place finish in the division. Mel Harder led the pitching staff with 267 IP, and posted a 2.60 ERA, a .205 opponent BA and a 1.09 WHIP. The whole staff did fairly well, posting an ERA of 3.38, good for third-best overall. Unfortunately, Bronx hitters could only manage a .258 BA, 12th best in the league...not a winning formula. Bright spots: George Watkins managed 22 HRs and 98 RBI, and Pete Fox posted 105 RBI in his final Retro season. The Highlanders now face a bit of a challenge as they enter the draft with only 19 players, including 7 pitchers, including Tex Carleton's rookie (farewell) Retro season. I guess we shall see what we shall see....

CHESTERTOWN Blue Herons

Manager: Eric Rogers

Age: 66 Occupation: Retired Meteorologist

The Season Story

The 1933 Blue Herons had another 2nd place finish in the Atmos Conference with an 88-66 record, edging out Sioux Falls by 2 games. The Blue Herons had solid starting pitching, led by 20 game winners Lefty Stewart (22-11), Firpo Marberry (20-9) and team ERA leader Van Lingle Mungo (2.84 ERA). A terrible bullpen, however, couldn't hold a lead as CH lost 11 games after leading through 7 innings. John Stone (.340/.397/.568, 37 2B, 14 3B, 25 HR) and Wally Berger (30 HR) led the offense. In the Atmospheric Conference playoff the better team prevailed as Arkansas won the series 4-2. The 1932 team should be good enough to contend but the window is closing on this group.

The Season Story

Duluth has reached the depths of the Great Depression right on schedule, short on just about everything (including playing/pitching time as well as wins). Bright spots were Billy Rogell, having a career season at SS, and some fine numbers by catcher Mickey Cochrane despite not being able to play everyday. Pitching was just ghastly ... the two guys (Berly and Pennock) with the most starts had ERA's of 9.05 and 7.40. Hank McDonald led the team and the league with 90 appearances, but his 7.33 ERA proved that quantity does not equal quality.

OAKDALE Ravagers

GM: Mike Landin (Teri)

Age: 71 Occupation: Retired/Senior Softball Player

The Season Story

The improvement continued this season as the team won over 90 games for the first time since 1943 and made the playoffs as the Wild Card. After an upset of Conference Champ Albany, the team fell short in the TML World Series as they were “steamrolled” by a powerful Arkansas squad! Still, good things to come looking forward into the past! The team batting champ was Heinie Manush who hit .349 and had 213 hits. Second in batting was Bill Terry at .344. Team MVP Babe Ruth was the team HR leader with 49 blasts, along with 121 runs, 117 RBI and drew 146 walks (27 IW). Spud Davis had a fine year, batting .323. Off the bench, pinch-hitters Debs Garms (.350) and Rogers Hornsby (.300) played an important role. The addition of “Pitcher of the Year” Carl Hubbell (17-12, 1.94), Dizzy Dean (21-11, 3.04) and Lefty Grove (18-11, 3.12) made all the difference in making this a successful season! The team should improve over the next several seasons!

SEATTLE Rainiers

Manager: Rob Fovell (Mei-Ying)

Age: 66 Occupation: Meteorology Professor

The Season Story

Mediocrity. Not good enough to contend, not bad enough to draft well. The Rainiers finished 71-83, doing much better in front of the home fans (.556) than on the road (.364) reflecting our thin pitching staff. We finished in the middle in pitching (7/14) and hitting (10/14) and near the bottom in fielding (12/14). Some decent hurlers (Jones 2.83 and Cantwell 2.86 ERAs) but little offense or defense behind them. Blaeholder led the league with 15 saves. Schulmerich led the regulars with a .351/.416/.554 line and 87.3 RC. He also led the team with 15 HRs, a quarter of our total. Cantwell went 12-9 in 29 GS and a team-leading 230 IP. Almost the entire squad will return for 1932 for (probably) another middling performance.

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 59 Occupation: NWS Meteorologist

The Season Story

When did we know it was over? Maybe before the season started, but certainly when we were in the chase for the playoffs and got annihilated by the Travs 20-3 after starting off the series so well. Having the pitchers tie for second in HRs for the season was not a great sign either (note: they were LEADING for a while mid-season). We had trust in the General (19 W/18 CG/4 SO), and Bridges, Farrell and Johnson set a solid base on the mound. Relief was not a strong point though, despite Shaute matching a league best 15 saves. A strong offensive core built around Chapman, Suhr, Moore, Waner and Whitney kept games exciting. Success in the 54 one-run games meant it could have been worse - a whole lot worse.

SONOMA Crushers

Manager: Jack Kohn (Patti)

Age: 87 Occupation: Retired USAF Lt. Colonel

The Season Story

Early season optimism quickly disappeared when Sonoma went 10-25 in period one home games against an encouraging 18-17 home record. Period two really killed the Crushers away from home as they were smashed with just 3 wins in 21 road games. Period three's stronger pitching resulted a happier W-L mark but the damage had been done earlier that added up to a sad sack worst hitting mark. SE pitching was 9th with a 4.56 ERA with 12 shutouts. Pie Traynor's .319 BA and Lefty O'Doul's 18 HRs led the Crushers. It's a good bet that the 1932 Sonoma gang should do better (fingers and toes crossed!)

SUMMER Cyclones

Manager: (Vacant)

Age: xx Occupation: xxx

The Season Story

This season was a nice turnaround from last season's last place finish. This squad managed nearly two dozen fewer losses than 1934 and finished in 4th place! Joe Kuhel was the team MVP, with a .357 AVG, 229 Hits, 130 Runs and 17 HRs! Fred Schulte had a fine season, batting .310, with 111 Runs, 102 RBI and fell just 4 hits short of 200. In a part-time role, Dixie Walker put up a solid .335 AVG, with 10 doubles, 10 triples and 13 HRs. In the pitching department, four pitchers won 11+ games, lead by Sugar Cain (14-16, 3.92) and "workhorse" Ivy Andrews (14-17, 4.14, 300+ IP). Jack Russell (3.04) won 11 games in relief, saving 8, but also with 8 BS. It's been a slow rebuilding plan, but things are looking better. The team is still looking for a full time Manager as the team turns the corner.

WALLA WALLA Wombats

Manager: Bryan Sakolsky (Carol)

Age: 58 **Occupation:** Technology Sales Manager

The Season Story

1933 was far from a banner year for the 68-86 Wombats. Despite finishing with the 6th best offense, the Wombats finished with a 5.56 ERA, good for 13th in the TML. The offensive "star" of the season was the two-headed monster in CF of Buzz Boyle and Dusty Cooke, who combined for 216 hits, a .336 BA, and 106 runs scores. Paul Waner slashed .326/.398/.528 with 83 extra-base hits, 138 runs, and 113 RBIs. Rookie Bob Johnson hit 25 HRs and 130 RBIs. Gordon Rhodes (16-12, 4.85) and Snipe Hansen (9-8, 3.72) were the only two "standouts".

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
