ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 63 **Occupation:** Retired; Cat Servant; Hopeful MLB Stringer

The Season Story

Amidst the rubble and obscurity of the Albany season, Jeff Heath and Bobby Estalella enjoyed fine seasons. But they were just two lights in a dark alley. The team overall slugged just .339 with a paltry on base of .310. Dain Clay drove in only 43 runs in 648 at bats, a feat as unlikely as it is terrible. Curt Davis, Andy Hansen and perennially overperforming unlimited Lou Knerr pitched well without support. 1944 beckons and in the war years anything can happen, but this team is clearly behind the eight ball.

ARKANSAS Travelers

Manager: Bill "Willie" Jelks (Lynda)

Age: 78 **Occupation:** Retired USAF Flyboy

The Season Story

The improving Travs 'unimproved' in 1945 as many of their prospects were still in uniform. Arkansas prospects remain dim until all the boys are back together then perchance a solid nine may be formed. George Binks was the team's leading hitter with a .306 average and a league leading 12 triples. The wretched pitching staff deserves no mention except to say that it can only get better.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 51 **Occupation:** Meteorologist/Scientist

The Season Story

Another season in the second division as the Hillbillies lacked enough talent to put out a competent hitting lineup or pitchers. When your lineup has a number of unlimited hitters in your lineup, you will struggle to score runs. Still, there were some glimpses of hope as Mel Ott and Doc Cramer were, at least, respectable at the plate. Only Ott reached double digits in home runs and had 18 intentional walks (no reason to pitch to him when the rest of the lineup sucks). The "p" in pitching could also stand for pathetic as only two pitchers had winning records. Six pitchers had at least 10 losses, led by Pinky Woods with 18. Not much improvement is expected next year as the rebuild trudges on.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 60 **Occupation:** Retired Meteorology Professor

The Season Story

At first glance, the Burning Busters (see later) had another “worst of the middle” season. However, Bloomington suddenly has a pretty good pitching staff. Nick Strincevich (16-7) was in the top 5 in ERA for a while before slumping to 14th. Branca was great in a limited role and Bobo Newsom also had a high quality start percentage. However, Newsom typified what was wrong with the Burning Busters – bad bullpen and bad offense. To win 8 games, Newsom had to throw 5 shutouts. The offense was the Burning Busters (Adams) who was top 5 in HRs and top 5 in slugging. Besides half a year of Ernie Lombardi (54 RC), there was little else. No full-time player reached Lombardi’s RC. We bid a fond farewell to Ralph Branca, but the continued pitching depth gives some hope for the past.

Otherwise, in the real world, there is also hope with vaccines!!! Hope they keep you and yours safe.

BRONX Highlanders

Manager: Hank Pedicone (Eileen)

Age: 70 **Occupation:** Retired Attorney

The Season Story

The Highlanders survived the first year heading into the "war years" with an unexpectedly decent season, chalking up 89 wins and a 3rd place finish. Leading the offense was the team MVP, the unheralded Eddie Mayo, who hit .326 with 25 HRs, 98 RBI and scored 123 runs. The team's 101 HR total nearly doubled their 1946 production of 60, good enough for 2nd in the league (to Duluth's 168!). Sig Jakucki and Jim Tobin led a surprisingly balanced starting staff that was supported by a bullpen that had a few ups and downs, especially down the stretch. With Luke Appling joining the brothers DiMaggio in the military for 1944, next season should also be very.....interesting.

CHESTERTOWN Blue Herons

Manager: Eric Rogers

Age: 62 Occupation: Meteorologist

The Season Story

Blah would be the best description of the 1945 edition of the Blue Herons. They were good enough to beat on the awful teams but cannon fodder for the better teams. The lack of an effective bullpen (20-31 in 1-run games) kept them from breaking .500. MVP's were starter Van Lingle Mungo (14-10, 2.64 ERA, 16 CG) and over-achieving OF Pat Metheny, who after winning the RF starting job mid-season led the team in BA (.336) and HR (11). 1944 should see the Herons completing for last place.

DULUTH Thundercats

Manager: Kevin Tyle (Bryan)

Age: 57 **Occupation:** Computer Administrator/Meteorologist

TML Champion

The Season Story

The last few years featured Thundercats squads with great starting pitching making up for lesser hitting. 1945 flipped that model, with an absolutely dominating set of hitters, up and down the lineup. Vern Stephens, Tommy Holmes, Whitey Kurowski, and newly-acquired Nick Etten were fixtures day in and day out. Part timers put the icing on the cake ... especially Augie Bergamo, who amassed an incredible .411/.461/.554 line (the latter despite only 4 HRs) in 350 at bats. Hal Newhouser and Hank Wyse were very dependable 1-2 men on the hill, although the rest of the staff was nothing special. The Cats' roster was very well-suited for the playoffs, and Duluth took home its second World Series crown in five years against two strong opponents, Oakdale and defending TML champ North Adams.

MOOSEN Squirrel

Manager: Bill Graham (Cathy Ann)

Age: 71 **Occupation:** Retired

The Season Story

The 1945 edition of the Moosen Squirrel lacked the depth and defense of the 1946 edition. There was virtually no bullpen to speak of and the starters were good but not great. There was never a decent hitter to come off the bench and get the key hit. But hey! It was an enjoyable season and the last few years have been quite a ride. So let's see how the team rebuilds when we get past the WW2 years.

NORTH ADAMS Bevers

Manager: Mike Ameen

Age: 57 **Occupation:** Restaurateur & H.S. Softball Coach

The Season Story

Well the 1945 North Adams Bevers came up a few games shy of defending its 1946 TML Championship. We repeated as the Atmospheric Division Champion going 107-47 beating out Summer by 1 game. North Adams then took 4 out of 5 to win the Conference Championship and headed to our 2nd consecutive TML World Series. There the Bevers bowed out to the mighty Duluth team in 6 games. The regular season was led by Dixie Walker, Johnny Hopp, Eddie Lake and Hank Greenberg. The strength of the 45 club was its pitching with Hank Borowy, Roger Wolff both winning 20 games. Joe Berry anchored a deep bullpen grabbing 25 saves. The Bevers team era was league leading 2.72. As we moved to 1944 North Adams hopes to make another run at the playoffs before the war years start to ravage the Bevers roster. It was great being on top while it lasted!! Go Bevers!!

OAKDALE Ravagers

Manager: Mike Landin (Teri)

Age: 67 **Occupation:** Retired/Senior Softball Player

The Season Story

A third Conference Pennant in the past four seasons, but were eliminated in the playoffs by rival Duluth and their record-breaking offensive juggernaut. This was also a 4th straight season with 104+ wins! The primary strength of the Ravagers was their starting pitching, which ranked 2nd in team ERA (2.93) to the defending TML Champs North Adams. Hal Gregg (19-11) just missed giving the team four (4) 20-game winners, joining Red Barrett (22-8), Nels Potter (21-8) and league ERA leader Dutch Leonard (20-8). The secret to their success was in setting a TML Record for fewest HRs allowed (44). Their 102 CGs gave the bullpen plenty of rest. Offensively, Phil Cavarretta was the star, finishing 2nd in batting at .367, but leading the league in RC/27 (10.2). Recent acquisition Luis Olmo liked batting in front of Cavarretta, often providing a rally spark. Pinch-hitters Hillis Layne, Art Rebel and Felix Mackiewicz came through many times in the late innings. The Ravagers are excited about 1944 with the return of their HOF star Stan Musial, along with most of the same pitching staff from this past season!

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 55 **Occupation:** NWS Meteorologist

The Season Story

The "Winds of War" must have been blowing in, as the 1945 rendition of the Fighting Sioux set a new mark for long-ball futility in TML history (29 HR). For a while, the pitching staff was tied for the lead in HR, before Ray Sanders pulled away with his team leading five. Sanders also paced in doubles (38), but the overall offensive leader was Wally Moses who both drove in and scored 104 runs. More team balance as George Case led the league in swipes (28) but was cut down 22 times. The pitching was unexpectedly solid again (finishing 4th) but was derailed at times by a shoddy defense and a weak back end.

SONOMA Crushers

Manager: Jack Kohn (Patti)

Age: 83 **Occupation:** Retired USAF Lt. Colonel

The Season Story

With hopes of making the playoffs for a second year in a row, the Crushers stayed in the race through the first two playing periods. But the offense faltered down the stretch causing the Crushers to fall three games shy of their 1945 finish which found them sliding away from Summer and North Adams. Lead off hitter Goody Rosen (.338 with 221 hits) and closer Andy Karl (1.88 ERA, 11-7 and 25 saves) were the Sonoma offense and pitching leaders. Prospects for 1944 show a similar pitching and hitting group as the Crushers visualize another first division finish.

SUMMER Cyclones

Manager: Ken Fusci (Rozanne)

Age: 73 **Occupation:** Retired - Part Time at Saratoga Casino

The Season Story

The Summer Cyclones were solid contenders the entire '45 Season, and ended up winning 106 Regular season games, good enough for second best in both the Division and the League. Unfortunately, they had to play the defending champs and League leading North Adams Bevers in the Divisional Playoffs. A good, tough Series it was for Summer, as they only managed to win one game but kept them all close save for a game two blowout loss. The most pleasant and unexpected surprise of the Season was unlimited Fritz Ostermueller, pitching for the most part as 3rd man in the SM Starting Rotation, leading the League with 24 wins, as well as compiling a League best .216 Batting average against. And although not the league's best, the Batting Lineup showed outstanding consistency all Season, particularly as evidenced by their Average Run Support for the SM Starters: Ostermueller, Chandler, Trout and Lee were given 6.3, 6.2, 6.0 and 6.0 worth of run support to rank 4 through 7 in the entire League. Looking to the upcoming '44 Season, SM should once again contend for a playoff spot with a small but solid pitching staff and a decent, although lacking in power, batting lineup.

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 54 **Occupation:** Technology Sales Manager

The Season Story

The Wombats pulled off one of the worst seasons in TML history going 33-121. Bob Johnson was the offensive highlight of the team, slashing .327/.387/.528 with a team-leading 87 RBI.

The pitching was horrible with Walter Wilson, Don Hendrickson, and Yank Terry all losing more than 28 games: 31, 28 and 29 respectively.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
