ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 61* **Occupation:** Retired; MLB Stringer

The Season Story

Albany heads toward its decline, falling from a title in 1951 to fifth place, 18 games out of first. Some of the old guard performed well: Snider, Yost, Easter. All had nice years. The decline of Nellie Fox left the door open for Jerry Coleman to excel at the keystone. Williams and Valo had nice partial seasons. Bob Rush and Mel Parnell led the staff, but there was no bullpen to speak of and the team, simply put, was too young to compete. The team is not getting any older either, with no number one pick this year. It looks like the team will again have a winning record but be more than a few bricks shy of a load for a title contender. The 1940s look like the long rebuild for the Avalanche, but it was a nice run while it lasted.

ARKANSAS Travelers

Manager: Bill "Willie" Jelks (Lynda)

Age: 76 **Occupation:** Retired USAF Flyboy

The Season Story

All-time losing season of 117 games! The rebuilding starts with three of the first four picks in the 1949 draft to, hopefully, put a little talent around Stan the Man before he reenters puberty in Donora PA!

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 50 **Occupation:** Meteorologist/Philanthropist

The Season Story

The story is more or less the same as last year. An excellent regular-season gave way to a disappointing postseason. The 1950 Hillbilly team was all about the offense. Beverly led the league in most offensive categories - including the major counting statistics. But that ended up being irrelevant when it counted. The pitching was basically fine, except when it counted. The good news is my team likely sniff the playoffs for a decade.

BROOKLYN Browns

Manager: Jim Pertierra (Janet)

Age: 69 Occupation: Stat Supervisor MLB.com

The Season Story

Getting through the top 5 in the Browns lineup was murder all year. Been years since I had such a potent lineup and then to have the pitchers bat as well as they did, was a total bonus. Hat's off to Larry Jansen for his 20 win season culminating with a no hitter in his final start. Made up for the horrors inflicted on Bob Lemon's mound work all season. Have no clue what happened there other than Crap Happens. And again, there was Jackie Robinson. The GREAT Jackie Robinson. The ONE and ONLY Jackie Robinson. What a wonder that man is. Coupled with a career performance by long time favorite (and one of Mike's) Larry Doby, it makes the year 1946 doubly sad as both have said they would retire after the 1947 season. Regardless, it is always fun.

CHETICAMP Micmacs

1949 Team Name Change

Manager: Eric Rogers

Chestertown Blue Herons

Age: 61 Occupation: Meteorologist

The Season Story

The Micmacs dug an early hole with a 8 game losing streak to start the season, and could never claw their way back to .500. In spite of that they were in the hunt for 2nd place and looked like they'd back in to the playoffs thanks to Bloomington's DQ, but Sioux Falls overtook them by one game to win 2nd place in the Atmospheric Conference. The Micmacs were done in by numerous late-inning collapses (including a league-worse 3-12 record in extra innings). The team MAY have one more shot at making a playoff run in 1949 before it completely caves in going into the war years.

TML Champion

The Season Story

After (or should I say before) decades of mediocrity, the stars aligned themselves on the baseball field in Duluth, and a championship season was the happy result. The oft-cited adage that “good pitching will always stop good hitting” verified extremely well in the offensively-charged 1950 campaign. Duluth’s pitching staff led the league by a healthy ½ run in terms of ERA. Howie Pollet, Johnny Sain, Hal Newhouser led the starting staff, aided by spot starters Frank Hiller and Jim Hearn. As befits the “Whiz Kittens” 1950 season, Jim Konstanty was a dominant, if rare, closer of the mid-century era. Offense was nothing to cough up a hairball at either, with George Kell, Vern Stephens, Bobby Doerr, Walt Dropo, and Mickey Vernon all having excellent campaigns. Unsung heroes also included Bob Borkowski, Bob Usher who had fine part-time years in the outfield, and Tom Saffell performed well defensively in CF and surprisingly at the plate. Duluth looks competitive as we hit the 1940s but it will be tough to top 1950.

EL DORADO Gold Sox

Manager: Jack Kohn (Patti)

Age: 82 Occupation: Retired USAF

The Season Story

The 1950 retro season was a slight improvement for the Gold Sox as they zoomed to 68-86 which was a six-game gain. Gold Sox front office personnel also did a better job of controlling batting and pitching limits. The lone shining star in the offense was left fielder Hoot Evers who accounted for 21% of the team's RBI production and posted a 354/430/607 line with 28 home runs and 149 RBI. Ken Raffensberger (12-13) and the underused Murry Dickson (2.80 and 10-8) were the Gold Sox pitching leaders. The Gold Sox will go into the 1949 draft with the smallest holdover roster in the league so shooting for .500 might be a lofty goal.

The Season Story

A very interesting team. We hit .302 as a team with 180 HRs. Our team ERA (horrendous as it was) was 4th in the league. Yet we really did not have one standout player or pitcher. Yeah, Willie Jones hit 35 dingers and 138 RBI but RBI were a dime a dozen this season it seemed. Don't get me wrong. Nice to be back in contention and win 90+ games. But it was not a dominating team in any respect. It was a total team effort though and that's the way, uh-huh uh-huh, I like it.

NORTH ADAMS Bevers

Manager: Mike Ameen

Age: 55 **Occupation:** Restaurateur & College Softball Coach

The Season Story

The 1950 season for North Adams was not anything to write home about. Finishing 55-99 the best we can say is we didn't lose 100 games. Offensively the Bevers were led by Andy Pafko. He hit 59 home runs leading the league by 12, while also hitting .330 with 201 hits 174 runs scored and 132 rbi's. Dale Mitchell hitting .333, Hank Bauer .322 and 91 rbi's and Red Schoendienst posting .294 with 106 runs scored also having fine seasons. The pitching was a complete dumpster fire. An ugly team era of 7.03 speaks volumes to the lack of success of this 1950 season. No starter had a era under 4.00. Whitey Ford pitched to 4.17 (but had only 6 wins) led the team. Don Newcombe won 13 games but lost 17 and Vern Law lost 20 games while winning only 8 and posting an era over 6.00. If things are going to get better in the next few seasons it will take a rebuilding of the pitching staff and smart drafting by the general manager. Here is to moving on to 1949. It can't be worse than 1950. Can it?

OAKDALE Ravagers

Manager: Mike Landin (Teri)

Age: 66 **Occupation:** Retired/Senior Softball Player

The Season Story

The season started out promising, but the Ravagers were over-whelmed by most of the teams in their Conference. Still, the team had their first .500+ winning season since 1957 and got out of the basement. The offense was led by Bob Elliott (.350, 28 HR, 147 RBI, 143 RC)! Bob had a huge supporting cast, as the team batted just under .290 and scored 877 runs! This was necessitated due to the awful pitching, as the team ERA was over 5.50. Only one pitcher (closer Mickey Harris) had an ERA under 4. Even long term "Ace" Warren Spahn (17-18) had trouble keeping his ERA down and ended up with a career worst 5.24. Spahn still led the league in CG (22). Newcomer Eddie Lopat put up some decent numbers, going 17-10 with a 4.38 ERA. The nearly decade long "Spahn" rebuilding plan is coming to an end. There is a very promising outlook heading into the start of the 1940s decade for Oakdale!

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 53 **Occupation:** NWS Meteorologist

The Season Story

To the surprise of everyone, especially the players who had packed up their cleats, bats and supporters for the off-season, the call came in that the Sioux and their gaudy 74-80 record would be in the Atmospheric playoffs! The furious final month comeback that almost earned them a spot was one game good enough to back in after the Bunyan's season popped due to illegal player usage. Then came the completely unexpected 7-game thriller that sent us to the World Series. Almost more than could be expected, and the fortune ran out with a disappointing 4-game sweep by the Thundercats. While the offense was deserving (.291/.371/.451), the pitching was offensive to viewers (5.40 ERA/.305 AVG). Rosen (league 3rd HR/6th Runs-BB) was a clear offensive leader, but the foursome of himself, Hodges, Furillo and Michaels each drove in over 100. Raschi was alone in winning more than 10 games, and paced the team in being somewhat stingy on the long ball (imagine the pain if this was not the case, like the World Series!). Gromek vultured an 8-1 record, part of the league best in wins when behind in the 7th. To be fair, the Sioux were also among the worst in holding leads.

SUMMER Cyclones

Manager: Ken Fusci (Rozone)

Age: 72 **Occupation:** Retired – Part Time at Saratoga Casino

The Season Story

The Summer Cyclones had a better than expected '50 Season, winning their Conference by 16 games, and finishing second in the League in both Team Pitching and Team Batting. But the Playoffs did not go well for Summer, as they lost their Conference Playoff Series to Sioux Falls in seven games after taking an early 3-1 games lead in the Series. Looks like some regression is in order for Summer going back to '49, as they're more likely to be a mid-pack team rather than a contender. Veterans Rizzuto, Kiner and Lockman will have to come through in a big way for the Team to maintain respectability.

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 52 Occupation: Tech Sales

The Season Story

The Wombats had a poor finish coming in 4th (though would have finished 2nd in Atmospheric) going 81-73. The offense had some great performances with Ferris Fain hitting .349 and basically having an amazing year (41 doubles 21 HR 140 RS and 110 RBI. Vic Wertz hit .335 with 31 HRs and 159 RBI.

Eddie Stanky hit at a .333 clip and scoring 151 runs. All three of them had over 200 hits. In the year of the non-pitcher the Wombats had two outstanding performers: Bob Miller 13-6 3.77 ERA and Chris Van Cuyk 10-7 7 saves and a 3.77 ERA as well. The team had a total of six pitchers with 10+ wins.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
