Roy Sievers 4 5 3 2 7 2 .226
 Sievers drew 2 BBs in 2nd inning, then hit a GS-HR(4th) & 3-run HR (6th) in the biggest blowout in TML history.

The two longest winning streaks were both by Albany, 21-games (6/20-7/15) and 20-games (8/23-9/14), and both times involving Coachella Valley, Brooklyn and Moosen as the opponents. The longest losing streak was 17 games by Duluth (6/19-7/18).

Albany's Ted Williams set a new All Time OBP TML Record with a .540 OBP. Albany set a new regular Season TML team record for walks drawn (842). Duluth set a new team record for least SB (3) and Brooklyn for least Strikeouts by their pitchers (459). Though not a TML Record, Coachella Valley's Spec Shea set a new futility record, going 0-27 (not enough innings to qualify, lasting only 80 IP).

In the closest balloting ever, repeat winner Duke Snider was Albany's 5th consecutive "Player of the Year!" Albany had the top 3 players in the "Player of the Year" results (Snider, Mantle, Williams).

Ted Williams remains the TML Career Leader in AVG (.361), SLG (.691), OBP (.493) and RC/27 (13.3). Teammate Mickey Mantle is still #2 in two categories (SLG .636, OBP .450). Hank Aaron ends his TML career in 2nd place in HRs with 735, finishing only 8 HRs behind Career HR leader Barry Bonds! Aaron remains the leader in career GW-RBI (325), RBI (2541), EXBH(1444) and TB (6792). Bob Rush is the new career WPCT leader at .852. Warren Spahn has moved into 2nd place in career CG (249).

11/2/1954, AV54-BY54, Griffith Stadium
 Pat Barry's powerhouse Albany Avalanche reached the TML World Series for a 5th consecutive season and successfully defended their TML Retro Championship! It was their record-setting 9th franchise Championship and for Pat, a record-setting 8th Managerial Championship. However, the Avalanche barely made it past the tough pitching of Walla Walla in 7 games before sweeping Bloomington in the TML World Series. Bob Weisman's Bloomington Burning Bunyans had reached the TML World Series by defeating Arkansas in 6 games. Playoff Co-MVPs Ted Williams (.411, 14 R, 14 RBI), Duke Snider (.381, 9 R, 14 RBI) and Mickey Mantle (.356, 11 R, 7 RBI) played in every game and the trio accounted for over half of Albany's total runs in the post season!

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 60 Occupation: Retired

TAL Champion x 2

The Season Story

The Avalanche racked up 120 wins and earned their 4th championship in 5 years by getting past Walla Walla and Bloomington in the playoffs. The outfield of Mantle, .340 35 HR 141 RBI; Snider, .357 37 HR 189 RBIs; and Williams, .367 40 HR 113 RBI paced the offense. Fox, Smith and Yost got on base for them regularly. It was probably Albany's best team ever. The starting pitching was strong this year and it had to be as the bullpen was not deep. Rush was 21-3 with a 3.10 ERA. Erskine was 23-6 with a 3.35 ERA. Turley was 22-7 with a 4.00 ERA and playoff hero Schmidt was 15-4 with a 2.82 ERA. Mossi and Labine were the bullpen and pitched well. Ted Williams bashed 7 homers in the post season to earn MVP honors. Next season the team weakens considerably with Williams off to Korea and Skowron to the bushes. However, a playoff run cannot be ruled out.

ARKANSAS Travelers

Manager: Bill "Willie" Jelks (Lynda)

Age: 74 **Occupation:** Retired USAF Flyboy

The Season Story

Despite making the playoffs and losing in the first round, the Travs had higher expectations with time running out. Ted Kluszewski was great for the offense as was Johnny Temple and Larry Doby; Johnny Antonelli and Bob Lemon excelled on the mound but the team folded in critical games, Stan Musial being the main culprit. 1953 looks good but we have minimal confidence.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 48 **Occupation:** Meteorologist/Philanthropist

The Season Story

It appears that the Hillbillies best just wasn't good enough to earn a playoff spot. Overall the Hillbillies won 98 games but couldn't overcome the powerful Avalanche (losing 12 of 14 overall). Willie Mays paced a balanced offensive attack. Mays led the team in home runs, rbis, runs, and walks. Irv Noren, Billy Goodman, Clint Courtney, and Danny O'Connell all contributed to the decent offensive attack. Robin Roberts led the league in wins (26). Bob Feller, Willard Nixon, and Bob Porterfield all contributed double digit wins. Though Willie Mays is nearing the end, the Hillbillies will return a deep lineup and solid pitching... probably just enough to be obliterated by Albany once again.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 58 **Occupation:** Meteorology Professor

The Season Story

Bloomington was a true Lake Wobegon-ish team: most of the players were above average, which produced a fine regular season. Eddie Mathews, as usual, was the star. He logged a Top 10 runs-created-per game with over 8.5. The pop wasn't always there, but the on-base percentage was. But, the depth including Bobby Morgan and Ray Boone was key. Even Bill Serena had 3 game-winning pinch-hit HRs. And, when defense was needed, BY turned 6 DPs in a 16-inning game 1 win in the conference championship, leading to the series win. Pitching-wise, the starters weren't league leaders, but all did solid job. Probably, Curt Simmons was the most consistently effective pitcher. Frank Smith and Ray Narelski sacrificed individual awards for the team, splitting the closer job. In the World Series, however, the most effective player against the Avalanche was the Bloomington weather radio, which signaled a blizzard warning during Game 2. If only it had been an Avalanche warning...

BROOKLYN Browns

Manager: Jim Pertierra (Janet)

Age: 68 Occupation: Stat Supervisor MLB.com

The Season Story

The giant thud heard around the TML was the double whammy of the teams that dominated the 70's and 60's hurtling into the pits of the TML basement. Old rivals Coachella and Sanford/Brooklyn have no where to go but up as they will no doubt do together. For the Browns it will be a slow, weary climb made brighter by the presence of Jack Roosevelt Robinson and.....little else. A year to forget is in the process of being forgotten.

CHETICAMP Micmacs

Manager: Eric Rogers

Age: 59 Occupation: Meteorologist

The Season Story

A virtual rerun of the 1955 season: Micmacs start out strong, are overtaken by Arkansas for second place in period 2, and come up short in period 3. Proof that an good offense can only take a team so far if the pitching is mediocre. As in '55 the Micmacs could score runs with the potent lead-off hitters Ashburn and Avila, with Hank Thompson (31 HR, 128 RBI) and Berra batting behind them. But the pitching was a motley crew with no starting ace and no real stopper, as only two pitchers had more strikes than walks. The 1953 team looks like they'll be in the playoff hunt again but will they break through? We'll see...

COACHELLA VALLEY Earthquakes

Manager: Mike Landin (Teri)

Age: 64 **Occupation:** Retired/Part-time Professor/Softball Player

The Season Story

The roster purge continued into a fourth season, leading to a second consecutive last place finish and the second lowest win total (35) in franchise history! No hitter reached 10 HRs on the season and the only two .300 hitters were two part-timers, Eddie Waitkus and Phil Cavaretta. The team RBI leader was Jerry Snyder (50 RBI), despite only a .206 average! He also led the team in runs scored (51). The two "Warrens" (Hacker & Spahn) had fine seasons, but one would never know it from their won/loss records. Spahn did lead the league in CG again, this time with 24. Spec Shea set a "TML Record" for futility, going 0-27 on the season! There will be at least two more "cellar dweller" seasons ahead, before things turn around. A move to Oakdale for the 1953 season will offer a change of scenery.

DULUTH Thundercats

Manager: Kevin Tyle (Bryan)

Age: 53 Occupation: Computer Administrator/Meteorologist

The Season Story

Same old, same old ... while some teams go from feast to famine and back again, Duluth remains on a quasi-permanent "diet". Very few bright spots except for Mickey Vernon, Walt Dropo, and Ed Fitz Gerald having good years offensively. Hard to imagine that things can get any worse as the early 50s approach, but a .500 mark seems to be a long way off.

EL DORADO Gold Sox

Manager: Jack Kohn (Patti)

Age: 80 **Occupation:** Retired USAF Lt. Colonel

The Season Story

In my second year of retro baseball, it was a continuing battle to approach the target of a respectable .500 season. A shortage of power and pitching made that goal unattainable when a late season collapse ended that dream. The 1954 Gold Sox season started optimistically with a 39-31 first period performance but there just wasn't enough starting pitching to sustain that performance into the second period. Long time stalwart Hank Aaron concluded his TML career while shortstop Harvey Kuenn, outfielder Minnie Minoso and 1b Dee Fondy will anchor the Gold Sox in the upcoming 1953 season. There won't be enough draft help to make their six returning pitchers into a solid mound staff, however. A .500 season will be the goal for 1953.

The Season Story

Our great rebuilding efforts really have started paying off. We finished above .500 for the first time in a few years at 81-73. Of course, the pythag says we should have been 87-67. I think this is another instance of Crooked Hillary at work. So sad! And what is all this fake news about Albany winning another title by 20 games over 100 game winner Walla Walla? The real news is the trade war started by Beverly. I think there should be a tariff on Dickinson's draft picks to equalize the playing field. And Albany should pay for my rebuilding efforts.

NORTH ADAMS Bevers

Manager: Mike Ameen

Age: 54 **Occupation:** Restaurateur & College Softball Coach

The Season Story

The Bevers took a hit this year following making the playoffs 3 years in a row (57,56,55) finishing 4ht in their division going s mediocre 78-76. The team pitching leaders were Frank Sullivan (2.82) and Whitey Ford (3.53) both going 12-6. The offense hit only 70 Hr's and as led in Rbi's (72) by Rip Repulski. Red Schoendienst had an outstanding year hitting .324 with 208 hits, 30 doubles and scoring 98 runs. Unfortunately for the Bevers he had very little help from the other Bevers starting 8. As we navigate though the next few years losing vital parts for our recent success the team management must draft well and make some timely trades in able for it to re load for what hopefully will be another playoff run and shot at the ultimate goal of a TML Championship!

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 52 Occupation: NWS Meteorologist

The Season Story

With great power comes great responsibility. The long ball was expected to be at the center of the Fighting Sioux offense, but in this case, home runs also came with great strikeouts. It seemed inexplicable that the team drew the least intentional walks, but that speaks for the weakness of the lower part of the order. Leaders in Jensen (105 runs), Hodges (128 RBI), Sauer (33 HR) and Rosen (110 BB) showed balance in importance at the top. Since Sioux Falls was also near the top in fielding, the reason for the disappointing sub .500 season fell mainly to pitching. While near median for ERA, pitchers were far too hittable and tried to keep up the HR pace with hitters. Gromek completed a fine season with a team leading 18 wins, and by some miracle Tremel rode a 5.70 ERA to 17 saves. Looks like a shady past lies behind...

SUMMER Cyclones

Manager: Ken Fusci (Rozanne)

Age: 70 **Occupation:** Retired – Part Time at Saratoga Casino

The Season Story

With Team Batting next to last in the League and much worse than expected, the Summer Cyclones did not make much progress toward contention; however, the Team Pitching did improve to tied for 8th in the League, and a decent core group of Players will return. No rosy predictions for Summer heading back to '53, but there is hope that the Team will move up a few more rungs from its 4th from the bottom League finish in '54.

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 51 **Occupation:** Business Development Director

The Season Story

It was a story of amazing pitching and decent offense that allowed the Wombats to finish in second place. Mike Garcia (20-10 2.43), Joe Coleman (17-7 2.50), Hoyt Wilhelm (11-1, 18 saves and a 0.75 ERA) and league ERA leader Don Liddle (9-3, 6 saves, 1.81). The amazing run lasted until game 7 of league finals and a 2-1 loss to Albany. The offense was a different story. Vic Wertz lead the team with a .309 average, followed closely by Granny Hamner and his .302 average and 97 RBIs. Despite a .226 average Roy Sievers hit 33 HRs, scored 103 runs and knocked in 111 runs. He also had 4 home runs and 10 RBIs in the league championship series.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
