ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 60 Occupation: Retired

TAL Champion

The Season Story

In 1955, Albany put together its best season ever, winning 124 games and then taking 8 of 9 playoff games from tough Beverly and North Adams. The offense put up 1098 runs. Duke Snider hit 56 homers, scored 160 runs and drove in 201 to pace the offense. Mickey Mantle had 52 homers, scoring 183 times and knocking in 156. Al Smith, back in a starting role after a few season's hiatus, hit .314, scored 156 times and knocked in 108. The team as a whole, including pitchers hit .303 with nearly .400 on base and .500 slugging. In a band box, the Albany pitching allowed only 570 runs, narrowly missing leading the league in fewest runs allowed. The staff was led by Bob Rush (24-4 2.34ERA and Billy Hoelt (22-4 2.70 ERA) who each merited Pitcher of the Year consideration. Clem Labine (8-6 29 Sv 2.81 ERA) anchored an effective bullpen. The team has reached its peak and can only go down, but hopefully the brakes can be applied enough to keep the team in the playoff mix for a few more years.

ARKANSAS Travelers

Manager: Bill "Willie" Jelks (Lynda)

Age: 74 **Occupation:** Retired USAF Flyboy

The Season Story

1955 showed a big improvement for the Travelers as they finished 95-59 and finished second in the Atmospheric Conference, falling in five games to the tough North Adams Bevers. Arkansas was led by Stan Musial .348/.426/.575, 33 homers and 146 RBI and Ted Kluszewski .324/.384/.585, 47 homers and 155 RBI. Larry Doby and Johnny Logan also drove in 100 or more runs and five players scored 100 or more as the Travs hit .292 as a team. Johnny Antonelli led the pitching staff at 17-8. Hopefully this crew has a few good years remaining.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 48 **Occupation:** Meteorologist/Philanthropist

The Season Story

The Hillbillies welcomed Robin Roberts and Del Ennis to the squad following a large pre-season trade. Roberts anchored the rotation while Ennis added another quality bat to the lineup. The move paid off immediately as the Hillbillies leapt to 2nd place in the division (still a long way out of 1st place). Roberts won 28 games in his first season. Long-timer Joe Nuxhall kicked in 21 wins. The offense was paced by Willie Mays. Though he didn't quite replicate his real stats, Willie had a quality season. Roy Campanella and Del Ennis comprised the Beverly "Big Three". Unfortunately for the Hillbillies, they ran into the juggernaut Albany team which made the BV "Big Three" look rather puny (Albany won 11 of 14 games in the regular season and 4 of 5 in the playoffs). The team will remain intact for the next few years. The question is can this squad get over the mountain.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 57 **Occupation:** Meteorology Professor

The Season Story

Bloomington is literally going fourth and not conquering with its second straight (and third out of four) 4th place finish. This season, the Burning Bunyans were highly contagious on the mound with Garver, Polholsky, and Fowler producing WHIP below the mean. Garver had the tough luck, dropping half of his decisions despite tying for the league lead in shutouts. The deep bullpen was by committee, but Tom Hurd had 3 winds and was 20-20 in saves. However, Bloomington hit more like blooming onions than Burning Bunyans. The Bunyans were 6th in runs scored and in the middle of the pack in average. This was mainly a result of 10th place rank in home runs. Eddie Mathews and George Crowe were the only consistent sources of power. Mathews didn't hold up well under the strain with reduced average and slugging percentage. Bill Bruton scored over 100 runs, but used up too many outs. BY bids a fond farewell to Hector Lopez, who was the middle of the line-up before Mathews and continued to provide a useful bat over his Bunyan career.

BROOKLYN Browns

Manager: Jim Pertierra (Janet)

Age: 68 Occupation: Stat Supervisor MLB.com

The Season Story

Not enough of anything to go anywhere, the Browns settled into the bottom half of the league pretty comfortably and were barely heard from the entire season. Gus Bell was one of the few players that could be called regulars and he had a fine, understated season. Charlie Maxwell and Johnny O'Brien had fine seasons in strictly part time roles. The biggest loss for 1954 was the mass retirement of the pitching staff as 7 of the 10 Brown chuckers, threw in the towel and announced their retirements. The biggest loss was the greatest pitcher in Brown history, Sandy Koufax, announcing his retirement at the ripe old age of 19. Truly one of TML's greatest, Sandy might be assuming bat boy duties in Ebbets Field next year and manager Pertierra will be lost without him.

CHETICAMP Micmacs

Manager: Eric Rogers

Age: 59 Occupation: Meteorologist

The Season Story

Another fine season for the Micmacs, but once again they came up short in making the playoffs, beaten out by the excellent teams from North Adams and Arkansas in the Atmospheric Division. The offense was led league batting champion Richie Ashburn (.388 BA, .491 OBP, both franchise records). The no-name rotation did well, led by Jim Wilson (18-8 2.53 ERA). Middle relief was the team's weak spot, but if the team was ahead in the 9th, closer Paul LaPalme (30-34 in save situations) shut down the opposition. The '54 Micmacs will have a similar offense with a bit more power but worse pitching.

COACHELLA VALLEY Earthquakes

Manager: Mike Landin (Teri)

Age: 64 **Occupation:** Retired/Part-time Professor/Softball Player

The Season Story

A third consecutive roster purge led to a poor non-competitive season. Being in the same Conference with the powerhouse Albany Avalanche led to the Quakes setting a TML Record 87 games behind! This was due to a lack of consistent offense, lack of pitching depth and one of the worst fielding teams in franchise history (261 errors)! Carlos Paula led all Quakes hitters and was the only one to reach 10 HRs. Rudy Regalado, Frank Kellert, Joe Altobelli and Eddie Waitkus were very good, but in part-time roles. In pitching, Warren Spahn (3.81) had a fine season and did not deserve a league-leading 26 losses! Tom Morgan and Dixie Howell (both 1.39) were pretty solid out of the bullpen, but did not have too many opportunities to save games. Ted Abernathy managed to hold off a 20-loss season, which would have given the Quakes a TML record five 20-loss pitchers. Another dreadful season looms for 1954. However, after a planned move to Oakdale for the 1953 season, things will be on the improve.

The Season Story

The only drama with Duluth in 1955 was whether the century mark in losses would again be reached. It was touch and go, but a final period of haplessness at season's end got the job done (101 losses). Nevertheless, some bright spots did shine through, including Wally Post's fine year in right field, while George Kell held down the hot corner, albeit not in a full-time role. Pitching was weak but not as bad as it could have been, with Art Ceccarelli, Jim Hearn, Johnny Sain, and Jim Konstanty doing a decent job. A slow emergence from awfulness looks to be the outlook over the first five years of the 1950s.

The Season Story

Hoped to attain .500 season but fell 2 games short in my first retro season. Former Jupiter franchise will require a number of seasons to rebuild after Hank Aaron disappears.

MOOSEN Squirrel

Manager: Bill Graham (Cathy Ann)

Age: 67 **Occupation:** Attorney/Freelance Writer

The Season Story

The Moosen Squirrel are re-building but it is the best re-building effort ever by any TML team. We finished 5th in our division and it was a very good 5th place finish. It was so good we finished 12th in the league overall. People come up to me and tell me what a great re-building job I'm doing. And these are people who would know. It is re-building efforts like this that will make America great again. Billy Loes and Arnie Portocarrero had very good years. Something they rarely heard in real life. Granny Hamner, Dave Philley, Don Mueller, and Wally Moon also had splendid years.

NORTH ADAMS Bevers

Manager: Mike Ameen

Age: 53 **Occupation:** Restaurateur & College Softball Coach

The Season Story

The 1955 North Adams team won another Atmospheric title going 110-44 and made it to our 2nd World Series in 3 years against Albany. Once again we came up short in the quest for a title, losing to Albany in 4 games. The Bevers were led in the regular season by the trio of Al Kaline (.363/31/115 and 148 runs scored) Vic Power (.330/6/105 and 115 runs scored) and Ernie Banks (.303/53/177 and 130 runs scored). All this offense was supported by a pair of 20 game winners (Frank Sullivan 22-7/3.14 and Don Newcombe 20-7/2.67) while Whitey Ford chipped in with a 18-7/2.94 season. It was a great season scoring over 900 runs and a team era of 3.2 but it just wasn't enough to slay the mighty Avalanche. With the core of the Bevers getting younger by the season our time at the top of the pile is coming to a close, here is to hoping we have one more run for the playoffs and a championship before youth really sets in and the rebuilding process begins in earnest.

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 51 Occupation: NWS Meteorologist

The Season Story

The MCMLV version of the Sioux were largely an average team statistically, so no shock to finish a couple games over .500. The offense was paced on most fronts by cleanup hitter Furillo (.311/184 H/95 RBI), set up by Jensen and the most exciting player in baseball McDougald (league leading 16 triples). Usually striking out so much means that you don't hit into too many DPs, but this team proved they can do anything! Despite a better than expected performance by Shantz (16 wins), Consuegra and Gromek, much of the rest of the starting rotation proved far too hittable. Even with the front end woes, surprisingly, Freeman managed to tie for the league saves lead.

SUMMER Cyclones

Manager: Ken Fusci (Rozanne)

Age: 70 **Occupation:** Retired – Part Time at Saratoga Casino

The Season Story

The Summer Cyclones were once again mired deep in the Basement of their own Conference for the '55 Season, but managed to move up a couple of notches in the overall League standings, finishing next-to last in both Team Batting and Team Pitching, but surprisingly first overall by a wide margin in Team Fielding! No predictions for a worst-to-first finish going back to 1954, but this team looks to be markedly improved, with much less reliance on low-end unlimited pitching and hitting.

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 50 **Occupation:** Business Development

The Season Story

Despite being awful, the Wombats finished in 3rd place, only 55 games out of first place. The offense was the better of the two parts of the team, but still very poor. Roy Sievers had the only notable performance .284/.391/.518 with 32 HRs and 101 RBI. Only one pitcher shined, Rudy Minarcin was 12 4 with a 2.32 ERA only falling 7 innings short of qualifying in the ERA race. Hoyt Wilhelm did save 26 games.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
