ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 59 Occupation: Retired

TAL Champion

The Season Story

The Albany Avalanche rode the bats of Mickey Mantle and Ted Williams to the 1958 title beating fine teams from Coachella and Arkansas along the way. Mantle created 180 runs and Williams 167. The team launched 260 homes paced by Mantle's 60 homers, the second time he has reached this mark. Williams had 48 and Crandall, Cerv and Snider all hit over 20. The pitching was decent, but had no 20 game winners. Bullet Bob Turley (15-6), Bob Rush (13-3), Jim Brosnan (13-7), Vinegar Bend Mizell (12-5), and Larry Jackson (11-8) were consistent throughout the year. The bullpen was better this year and perhaps this helped the team in the post season. Roy Face had 28 saves to lead the way. Next year, Albany's offense remains strong. Another playoff appearance is hoped for.

ARKANSAS Travelers

Manager: Bill "Willie" Jelks (Lynda)

Age: 74 Occupation: Retired USAF Flyboy

The Season Story

After five dismal seasons the Travs finally returned to the land of the living and finished second in the Atmospheric Division with a 91-63 record and netting a Wild Card slot. The Travs defeated division winner Jupiter to earn a spot in the Championship Series but fell 4 games to 2 to the powerful Albany Avalanche but kept all games close. Arkansas lived by its offense and was led by Johnny Temple (.344/.439/.441), Bib Nieman (.325/.362/.522), Stan Musial (.324/.398/.530), Bib Skinner (.317/.374/.522) and Frank Thomas who smashed 39 homers and drove in 112. Ron Kline led an inconsistent pitching staff with 17 wins and the Bullpen went 22-8. The Travelers have an optimistic feeling about the future, especially if their pitching can turn the corner.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 47 Occupation: Meteorologist/Philanthropist

The Season Story

Another lackluster year for the Hillbillies. The lone Hall of Famer of the team unsurprisingly underperformed. Bobby Thomson paced a lackluster offense while Bobby Mabe led a pathetic pitching staff (that managed to avoid having a 20-game loser). Otherwise more mediocrity is on the way.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 56 Occupation: Meteorology Professor

The Season Story

Bloomington had another excellent adventure in 1958, since the combination of deep offense and shaky bullpen made for many close and drawn out games. The offense was patient, deep, but a little nerdish, slugging just over .400. Newcomer Harry Anderson became a huge performer and also solved many locker room disputes in night court. Gene Woodling complained about playing time not consistent with his performance. And, Eddie Mathews had another routinely great year. The surprise star of the year was Ned Garver, second in league ERA. His 12-5 record makes Ned look like a part-time starter, but it really reflected the “three things can happen when you go to the bullpen and four of them are bad.” Phil Paine had a good save percentage, but nearly everything else on his resume was bad and both Stobbs and Lawrence were in the top 15 of blown saves. Eddie Mathews plans to spend the off season working out and using some secret formula sauce made by Heinz in hopes of a much better year in 57.

CHETICAMP Micmacs

Manager: Eric Rogers

Age: 58 Occupation: Meteorologist

The Season Story

After their improbable championship in 1959, the 1958 squad came back to earth as expected due to the collapse of the pitching staff, finishing last in team ERA and runs allowed (4.89 and 862, almost 100 more than the next highest). The Micmacs still had their potent offense that was even better than the 1959 championship squad, hitting .289 as a team, led by Ashburn, Runnels, and Malzone. The 1957 team looks to be less potent offensively but has much better pitching so at least getting back to .500 looks likely.

The Season Story

For the third straight season, the Quakes watched Conference rival Albany take over first place early and never look back, so had to settle on capturing the Conference Wild Card. Our luck ran out this time, as Albany steamrolled the Quakes en route to a sweep, denying them a 4th straight TML World Series appearance. Similar to the previous regular seasons, it was the strong arms of the starting pitching staff which carried the team. This time, it was "Pitcher of the Year" Whitey Ford (23-3, 1.89) leading the way, with back-up from Jim Bunning (15-10, 2.99) and Warren Spahn (22-13, 3.20). The bullpen was shaky and scary at times, but Al Worthington managed to save 18 games. Rocky Colavito had a "Player of the Year" kind of season, batting .327, with 58 HRs and a league-leading 148 RBI. Newcomers Russ Nixon (.307) and Bob Boyd (.294) strengthened an otherwise weak offensive attack. Fan favorite Al Kaline could never get on track ... struggling all season long and having a terrible season. He led the league in GIDPs. The end is near for this franchise. They are expected to put up a fight in 1957 for the Conference Wild Card, but after this ... well ... let's not get into that right now.

DULUTH Thundercats

Manager: Kevin Tyle (Bryan)

Age: 52 **Occupation:** Computer Administrator/Meteorologist

The Season Story

Another mediocre year, although Duluth held its own later in the year versus divisional rivals; due in part to a move to the starting rotation by longtime bullpen stalwart Stu Miller. The starting rotation's gain was the bullpen's loss, as Miller was the only one who threw stuff other than lighter fluid. Offensively, it was pretty weak, although the double play / Double Bill combo of Martin and Mazeroski did better than expected. Roger Maris led the team in homers with 27, just one more than Maz. Things will probably not be any better in 1957.

JUPITER Marcos

Manager: Marc Kramer (Barbara)

The Season Story

Another Atmospheric Conference Title, but another failure in the Conference Finals, this time to Arkansas. This team certainly had the bats in Hank Aaron, Minnie Minoso and Harvey Keunn leading the way with 100+ RC seasons! Ken Boyer was right behind those three. The team led the TML in batting average and was 2nd in runs scored. But, the big story was the pitching staff, which ended up 3rd overall in ERA. Leading the staff was surprise Ace Dick Drott who went 21-7, 2.58 and was among the league leaders. Sam Jones surfaced as another Ace, going 21-12, 3.20. From there, a whole bunch of others chipped in and supported the offense. Perhaps the one glaring weakness to this team was their fielding ... which was the worst in the TML, having made 168 errors, 19 more than any other team! On the other hand, they led the TML in DPs (189)! Go figure. Anyway, for a season that saw their Manager Marc Kramer pass away, the team played inspired baseball down the stretch.

MOOSEN Squirrel

Manager: Bill Graham (Cathy Ann)

Age: 66 Occupation: Attorney/Freelance Writer

The Season Story

The good news is the Squirrel finished 3rd in the Oceanic. The bad news is they finished 28 games out of 1st. The good news is that as bad as they were they finished 3rd. The bad news is that if they had been in the Atmospheric they would have finished 6th. The good news is a losing record assured they would get a good draft pick. The bad news is they draft 3rd in a weak draft. The good news is, they got and outstanding pitching performances from closer Dick Hyde. The bad news is, we probably should have traded him. Oh well, wait 'til next year.

NORTH ADAMS Bevers

Manager: Mike Ameen

Age: 53 Occupation: Restaurateur & College Softball Coach

The Season Story

The Bevers might have sported their best and deepest starting rotation ever, but, ultimately, were let down by their former strength, the hitters. The Bevers hit a mere 71 homers for the entire year and had only Leon "Daddy Wags" Wagner hit more than 9. The team scored only 3.6 runs per game and really let down the staff. Billy Pierce was outstanding and workhorse Bob Friend deserved better than he got. Hopefully management will start to do their magic.

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 50 Occupation: NWS Meteorologist

The Season Story

The Fighting Sioux offense returned in 1958, helping to overcome fairly neutral to slightly shaky pitching to field the most wins since 1969. Fans were wowed with a team record 211 HR, led by Jensen's 36. Pitching was paced by Lary (21 wins) and as long as Shantz (6-0, 3 sv) or Henry (26 sv) were there to nail it down things usually turned out ok. However, this happened a few too few times, and down the stretch a couple of losses to Arkansas cost the Sioux a trip to the playoffs, despite giving up the third most runs in the league. While the offense looks to remain stronger in years past, the pitching will rapidly degrade again so honest fans will have to look to other places for inspiration.

SUMMER Cyclones

Manager: Ken Fusci (Roanne)

Age: 69 Occupation: Retired - Part Time at Saratoga Casino

The Season Story

By far the worst hitting team in the League, the Summer Cyclones finished dead last in the Standings. The pitching, only sixth worst in the League, kept them in most games, but too much reliance on low end unlimited players, along with too many underachievers, assured the team of its last place finish. One bright spot in the lineup was unlimited catcher Del Rice who averaged .294 in just under 400 ABs to lead all regular players on the team! Going back to Ebbets Field, the pitching appears to be somewhat improved, but the hitting will likely once again be a problem area; the team continues to search for those old '50s era sluggers!

SANFORD Browns

Manager: Jim Pertierra (Janet)

Age: 67 Occupation: Platform Manager - Cushman and Wakefield

The Season Story

The slope continues to get slippier as the team got younger. Frank Robinson and Jim Lemon hit a lot of homeruns but did not create a lot of runs due to no one being on base in front of them. Frank Robby had his usual great year and Lemon hit for power, but little else. Great season from part timer, Andy Carey and a grand shortened finale for fan favorite Vada Pinson. The pitching was (other than Gary Bell) average to pathetic and that is being kind. The Browns are looking forward to moving into their new home, Ebbets Field in 1957.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
