ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 57 **Occupation:** Financial Analyst/Unit Leader

The Season Story

This team played like it was a better team than the year before, but in the end its record was one game worse. Most of the blame falls on the pitchers. Chris Zachary, Larry Jackson and Jim Perry formed a nice trio of starters and Jim Brosnan was an adequate closer, but everyone else was bad or worse. The offense showed a ray of hope. Five players hit 20 homers or more. Moose Skowron lead the way with 26 homers and Mantle crashed 25 in only 200 at bats and had to hobble his way around the bases. Duke Snider and Stan Musial were in the 20 homer club as was the surprising Leo Burke. Smoky Burgess enjoyed a fine year behind the plate. The team has landed a top pick in the 1962 draft. The manager and fans expect a big improvement in 1962 especially if the pitching develops as hoped.

The Season Story

It was time to rebuild and so we did, resulting in a 136 loss season after a decade of contending. We have multiple future picks and hopefully will be in the hunt again soon.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 45 Occupation: Meteorologist

The Season Story

It finally all came together for the Hillbillies as a potent offense was coupled with decent pitching (and admittedly poor defense) to rise to the top of the Oceanic division. The team slugged 259 homeruns on the season with Willie McCovey and Willie Mays leading the charge. Tommy Davis, Pete Ward, Eddie Broussard, and Pete Rose contributed to the offensive onslaught. The Hillbillies have always lacked the quality pitching to match the offense, but managed to string together a decent rotation led by Dick Ellsworth (24 wins), Jim Maloney, Joe Nuxhall, and Orlando Pena contributed double digit wins. The bullpen was better led by Hal Reniff (24 saves) and Don Larsen. Despite besting them in the regular season, the Hillbillies fell victim to the perennial powerhouse Sanford Browns in the divisional round. After reaching the pinnacle of the Oceanic Division, the fall will be rapid and painful as the roster is in need of rebuilding.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 54 Occupation: Meteorology Professor

The Season Story

Huh? What? Bloomington ended up being the "worst of the best," posting over 90 wins for the first time in over a decade (1975) and nearly a 30 game improvement from 1964. Obviously, I was cheating, especially since I posted the second best road record. But what else explains 12 come from behind wins, a 28-12 record in 1-run games and 10-5 in extra innings? Art Fowler was huge in the bullpen (7 wins, 35 of 37 saves, 1.45) with support from Haddix. But, the big turnaround was offense as Tony Gonzalez set the tables with 106 runs and second in the TML in runs created/27 outs. Eddie Mathews added average to his usual high on-base and slugging. The rest of the team was mostly platoon, leading to some key pinch-hits (love to see ph stats this year). Another way to put it? What if Perth had my bullpen and pinch-hitting?

CHETICAMP Micmacs

Manager: Eric Rogers

Age: 56 Occupation: Meteorologist

The Season Story

A punchless offense, lack of a bullpen, and a chuck-and-duck rotation all added up to another miserable season for the Retro Micmacs. Jack Sanford put up some "impressive" pitching stats : most starts (42), 23 losses, most doubles allowed (62), most triples allowed (12) and 4th in HR allowed (36). Next year, more of the same but with worse pitching.

The Season Story

After making the playoffs in 1964, hopes were high for this season. The pitching staff did its part, led by 20-game winner Jim Bunning and a trio of 18-game winners in Whitey Ford, Ray Herbert and newcomer Warren Spahn. The quartet set a new TML Record for CG with 98. Equally impressive was the bullpen only blowing 2 SV all season, also a TML Record. Jack Lamabe took to the closer role, saving 11 games. The problem was the offense, which was inconsistent. Al Kaline was in the batting race all season and ended up at .345, good for 3rd overall. He led the team in all important offensive categories. For 1962, the Quakes will again rely heavily on their starting pitching staff, with the hopes that the bats will provide just enough offense to keep them in contention ... or at worst, be a spoiler. (Rumor has it that Sanford may be in their last post season for some time, but I cannot remember how many TML Retro Championships back that we've heard that! And, then, there is Albany lurking in the wings with Mantle, Musial and Snider. The next two seasons may be the Quakes only chance to "hit the jackpot" during the Sanford/Albany *wormhole*.)

COOPERS POND Braves

Manager: Chick Wade (Debbie)

Age: 65 **Occupation:** Retired/Youth Baseball Coach/Golfer

The Season Story

No surprise this season. As expected the Braves finished near the bottom of the league. The Braves don't yet have the horses to contend. Covington was the only position player to have a decent season and he missed almost 50 games. Dean Chance did win 15 games with a 3.00 ERA, but the rest of the staff did not perform up to expectations.

The Season Story

A solid year with an 88-72 record was not even enough to place in the top half of the Oceanic Conference. The starting rotation, headed by Camilo Pascual and Bob Gibson, and backed up by Ralph Terry and Cal McLish was solid, but when you have Sandy Koufax in your conference, everyone else looks like Charlie Brown on the mound. As usual, offense was lacking; Billy Williams had an especially disappointing year (over 200 OPS points below his real numbers). More of the same looks to recur in 1962; management must decide whether to ride Roger Maris' first few years of the '60s or barter them for future ... er, past success as we go back into the '50s.

The Season Story

My team had plenty of hitting coming in but shaky pitching. I knew that my team would have to outscore teams to win. I traded for Hank Aaron with this in mind. My team ended up near the top of the league in runs scored and pitched much better than anticipated. When the season ended my team ended up with the best record in the league. This was unexpected being my first year in the league. We advanced with a sweep in the league championship series and then faced Sanford in the World Series. Sanford had the great pitching which limited my hitters. We took game one but was swept the rest of the way. All in all it was a great year for Jupiter and a great year for me. Hopefully there will be many more.

MOOSEN Squirrel

Manager: Bill Graham (Cathy)

Age: 65 Occupation: Attorney/Freelance Writer

The Season Story

The Squirrel got off to a very hot start and looked to be a contender all the way. The Dog Days of Summer hit and so did reality. Moosen was a good team but not good enough to compete with the big boys. A shame, as most of the regulars posted All Star-worthy stats. Moosen will make another run in '62 but if we come up short, it may be back to the drawing board for the Squirrely bunch.

NORTH ADAMS Bevers

Manager: Mike Ameen (Beverly)

Age: 51 Occupation: Restaurant Owner/College Softball Coach

The Season Story

The Bevers continued their slide but it looks like the corner is being turned. The Great Roberto Clemente hit .331 and added 206 hits again to continue his pursuit of being a legend. Bill Virdon had an excellent season as did Leon Wagner to give the Bevers an all star caliber outfield. *Doctor Strangeglove*, Dick Stuart, hit 35 bombs and added 101 rbi's but there wasn't much left to talk about offensively. Don Drysdale and Bob Friend were an excellent 1-2 punch with 40 wins between them and working over 600 innings. Unfortunately that is about it but it was substantial. With the Skipper returning for 1962. Life looks better.

PERTH Diamond Cats

Manager: Steve Syzdek (Suzanne)

Age: 44 **Occupation:** Attorney

The Season Story

The Diamond Cats had an excellent season, but, once again, came up short of making a playoff appearance. For the first time in Perth's history the team had two 20 game winners in Ken McBride and Jim O'Toole. Potential player of the year, Albie Pearson paced the offense while Joe Pepitone lead the team in RBI's and Elston Howard was the team's homerun king! On the pitching side, Perth was fortunate to have a dominant starting rotation with McBride, O'Toole, Downing, Pizarro and Monbo winning a combined 76 games with a combined ERA of @2.78. McBean was solid in the closer role converting 28 out of 31 save opportunities. This year's version of the Diamond Cats was a balanced and well rounded team that was tied for second in the team offense category, second in the team pitching category and third in the team fielding category. The Diamond Cats have two more years of existence and are hoping that we can put together a title run before the Perth franchise becomes a memory.

RENSSELAER Strikers

Manager: (Jim Pertierra)

Age: -- Occupation: --

The Season Story

Although the Strikers went down in a whimper to Jupiter in the Conference finals, it was an unexpectedly wonderful year on the other side of the Hudson. 203 homers flew out led by Harmon Killebrew's 60, Norm Cash's 25 and Bob Bailey's 20. Killebrew was the Killer of Young driving in 154

runs on 158 hits with a Mantlesque total of only 17 doubles to go along with the 60 homers. Young Carl Yastrzemski reminded all of the Yaz old by hitting .320, scoring and creating 132 runs with a .433 on base to set the table. Turk Farrell will win no rewards (either league wise or Graham Wise) but he led the way earning 17 wins in his 26 starts. Lew Burdette and Don Cardwell were 29-13 between them to lead the pitchers while the Klipper and Julio Navarro anchored the pen. Another fun season in Rensselaer, but the attendance is declining and the management is looking to bail out. Details at the end of 1961.

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 49 Occupation: NWS Meteorologist

The Season Story

The downward spiral continued, with only a final month winning flurry pulling the Fighting Sioux to match the pathetic 57-103 record from the year after. Ironically, we were tenacious with late game leads, losing only a single game when leading after the 7th, while nailing down 39 wins. Overall, second worst in pitching and third worst in pitching, but thankfully we had Arkansas to stand on. The most exciting aspect of the season was waiting to see which hard-luck pitcher would end up with the worst record, with the loser Ken Johnson (4-22, 4.22 ERA).

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 48 Occupation: Sales Executive

The Season Story

Mediocre season for the Wombats, though there were some stellar individual performances. The offense was paced by Johnny Callison's .319/.376/.571 slash line with 32 HRs, 101 runs and 110 RBIs and 137 RCs. Orlando Cepeda had a similarly strong season with a .308/.385/.536 slash with 30 HRS, 106 runs and 122 RBI and 121 RCs. Jim Fregosi finished with a .297/.335/.462 line and added 92 RCs. Pitching was the *Achilles Heel* of the team. Don Nottebart lead the staff with a 12-4 record and a 2.69 ERA.

TML Champion x6

The Season Story

This is the end, my friend. 6 straight titles is nothing that I could ever dream of and this one might be my favorite because, next to the first one in 1971, this one was the most unexpected. Just enough offense, led by Vada Pinson and Rich Rollins, with big hits, as always by Frank Robby. But, in the end, like it has been for the past 4 years, it was Sandy Koufax. Mike has asked me if I was pleased by the TML History he had put up. He has surpassed it all and now can rest on his laurels in his youth. While there have been greater pitchers over a career, at his best, especially in the big games, he was the best. Nine straight World Series, 7 titles and 6 in a row! The memories will last a long time, especially with the bleak past in store. No complaints from here. WOW! A great experience in a great league. Thanks.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
