10/22/1966, AR66-SB66, Dodger Stadium  
 Jim Pertierra's Sanford Browns advanced to their 6<sup>th</sup> straight TML World Series and made it a "three-peat" in defeating the Arkansas Travelers in 6 games. It was a battle of the league's strongest pitching staff against the most balanced team in Arkansas (2<sup>nd</sup> in both batting and pitching). The Browns had previously rolled over Beverly in 5 games. The Browns posted a team ERA of only 1.51 (19 runs allowed in 11 games) for the entire post season! Co-Playoff MVPs Sandy Koufax (3-1, 1.14, 36K/31.2IP) and Sam McDowell (3-0, 1.13, 34K/24IP) were simply outstanding and nearly unhittable! Can the Browns' Dynasty be toppled in 1965?

# ALBANY Avalanche

**Manager:** Pat Barry (Elizabeth)

**Age:** 56 **Occupation:** Financial Analyst

## *The Season Story*

Albany brought the league's worst pitching to the table and as a result the opposition hitters ate their lunch. This led to an ERA of 5.00, .56 points worse than anyone else. Larry Jackson was decent but still underperformed. Wally Bunker, expected to be decent, was not and the rest were worse, save for closer Pena who every once in the while came through. Hitting wise Mantle, Crandall, Skowron Hinton and Burgess all had nice partial seasons. But the rest of the hitters could only make occasional acquaintance with a baseball. The end result was a worse than expected 51 win season. (I thought 60.) The team has a ways to go, particularly putting a pitching staff together. Hitting wise up the middle looks solid, but the corners need some work. Next year things should be better, but there is no whiff of a pennant yet.

## The Season Story

Another great season and another loss in the World Series! Travs had three 20-game winners and another with 19 but got outpitched in the World Series by Sanford's Koufax and McDowell and company. We'll give another try in 1965.

# BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 44 Occupation: Scientist

## The Season Story

The season opened with middling expectations but a surprising offensive potency combined with decent pitching propelled the Hillbillies to a wild card berth... and a quick dismissal at the hands of the powerful Sanford squad. Lou Brock enjoyed a MVP caliber season leading the league in batting and swiping 97 bases. Willie McCovey hit 40 homers. Tom Haller, Willie Mays, Lou Johnson and Brock all topped 20 homers for the season. The pitching was anchored by Jim Maloney's 17 wins. Denny McLain, Dick Ellsworth and Jim Nash contributed double digit win totals. The Hillbillies hope to compete for the next couple of years before the team's better players reenter their teen years.

# BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 53 Occupation: Meteorology Professor

## *The Season Story*

The Burning Bunyans suffered from two additional afflictions besides sore feet: herniated discs from watching pitches going over the fence (league worst 204 HRs) and glove in mouth disease (179 errors, tied with Sioux Falls for worst, leading to 111 unearned runs, 2nd to RS). "Sieve" was chanted more often than at a hockey game with Versalles(43 Es), Clendenon (24 Es), and Freese (15 Es) leading the way. The bad fielding and HRs sapped the starters, leading to 313 relief appearances, but 21 blown saves. Surprisingly, Bloomington had a good offense (4th in runs). Donn Clendenon (.301, .884 OPS, 32 HR, 117 RBI, 7.6 RC/9) was among the league leaders in most offensive categories, but he was backed up by a surprisingly deep power offense with 9 other players hitting at least 7 HRs.

# CHETICAMP Micmacs

Manager: Eric Rogers

Age: 55 Occupation: Meteorologist

## The Season Story

Mediocre is the word that best describes the 1966 edition of the Retro Micmacs, thanks mostly to a punch less offense with the second worst batting average in league. The pitching kept the team from being truly awful, and when the Micmacs did have the lead late in the game, the duo of Casey Cox (1.99 ERA) and Fireman of the Year contender Jack Aker (1.49 ERA and a league-leading 35 saves) usually closed the door on most opponents. The offense had little to brag about, with Jim Lefebvre (39 doubles, 24 HR) putting up the best numbers among the regulars. In 1965 the pitching collapses and the Micmacs will be lucky if they avoid losing 100 games.

# COACHELLA VALLEY Earthquakes

**Manager:** Mike Landin (Teri)

**Age:** 60 **Occupation:** Retired/Part-time Professor/Softball Player

## *The Season Story*

An improved pitching staff and solid fielding kept the Quakes out of the basement, as they finally avoided losing 100+ games. The offense still needs work. The steadiest bats came from Luis Aparicio, Ron Fairly and newly acquired Al Kaline. Jim Bunning was still the “Ace” of the staff, but could not avoid losing 20+ games, due mainly to lack of support. Bunning would have tied the TML Record again for CG, with 30, except for some guy named “Koufax” who had 32 CG! Bill Faul was an “innings eater”, leading the league in losses (23), HR allowed (63) and tied for HB (20). A season to forget for Faul. Al Worthington (27 SV, 2.22) proved to be a very effective closer for the few close games. Management is going to make a big move to attract Warren Spahn to join Bunning and Whitey Ford, setting up the HOF pitching staff for a long time. Not sure where the bats are going to come from!

# COOPERS POND Braves

Manager: Chick Wade (Debbie)

Age: 64 Occupation: Retired/Youth Baseball Coach/Golfer

## The Season Story

As expected the downward trend for the Braves continued in 1966. Playoffs look to be over. Pitching was not bad but the offense was too weak to generate wins.

# DULUTH Thundercats

**Manager:** Kevin Tyle (Bryan)

**Age:** 50 **Occupation:** Computer Administrator/Meteorologist

## The Season Story

The Thundercats enjoyed a rare 90+ win season, but it still wasn't enough for a playoff birth, as Beverly eked out a two-game margin for the wild card spot. While no one player had a truly stellar season, strong campaigns by Billy Williams, Ron Santo, Felipe Alou, and Boog Powell led the offense. On the hill, Bob Gibson anchored an otherwise unexceptional, though solid starting staff. Stu Miller occasionally struggled to stay on the mound during the occasionally strong Lake Superior lake breezes but otherwise had a fine season as the Cats' top reliever. Tony Cloninger and Ralph Terry had good stats in spot-starting roles ... if they had been used more, perhaps it would have made the difference in the playoff hunt.

# HACKENSACK Bulls

Manager: Roy Gorham (Brandy)

Age: 37 Occupation: Engineer

## The Season Story

A disappointing season for the Bulls as they won 12 fewer games than their Pythagorean record and landed in 5th place. Part of the problem was a sub-par season from relief ace Hoyt Wilhelm, who blew 8 saves and lost 11 games. Orlando Cepeda had a great year at the plate, but other regulars had sub-par years. Earl Wilson tossed 7 shutouts and slugged 9 homeruns to lead the pitching staff.

## The Season Story

I really thought the Squirrel had a shot at making the Playoffs this year. For most of the season the team seemed set on proving me wrong. But somewhere in the second period we caught a spark. Gary Peters seemed to be the catalyst. Peters got off to a poor start early on which may explain why he was underutilized for the season. But pitching definitely carried this team in the second half. Hitters cooled off after hitting .268 as a team in the first half but only .243 in the second half. It was a fun season and it was especially nice to finish on a winning not and above .500. As for Playoffs, however, it may be a case of wait until last year - or the year before that!

# NORTH ADAMS Bevers

Manager: Mike Ameen (Beverly)

Age: 50 Occupation: Restaurant Owner/College Softball Coach

## The Season Story

As opposed to 1966, the North Adams offense was in full bloom all season. Roberto Clemente hit all year and, in other years, might have been Player of the year. Then entire outfield (Clemente, Valentine and Wagner) performed mightily and allowed the 4th member of the wrecking crew, Young Willie Stargell, to play first base and add to the offense. Past that, there was not much else offensively and the pitching just did not come through all year and the expected big 2 of Don Drysdale and Al Jackson did not live up to advanced billing. Surprisingly Jim Lonborg had a better year than his heralded 1967, but it wasn't enough to keep the Bevers from moving toward the bottom. They miss their skipper.

# PENSACOLA Pelicans

Manager: Mark Hetterich (Connie)

Age: 66 Occupation: Program Manager

## The Season Story

The Pelicans ended up in last place, a distant 48 games behind AT in 1966. The offense was woeful, .236 avg, .292 obp, and only 130 home runs. The pitching staff was a little better with a 4.11, 11th of 16 teams. Tom Tresh led the team with 31 bombs. He was second in runs with 97 and third in RBI with 70. Cardenal led the team with 102 runs scored and 19 SBs. Tony Conigliaro knocked in 89 runs to lead PP. Pete Richert was the ace of the staff, he led the starters in era with 3.38, won 15 games and lost 13 games. 1965 should be slightly better with a preseason hitting ranked 13th and pitching ranked 5th.

# PERTH Diamond Cats

**Manager:** Steve Syzdek (Suzanne)

**Age:** 43 **Occupation:** Attorney

## *The Season Story*

The Perth Diamond Cats finally made it over the hump!!!! The Cats had to go back to the future to make their first ever playoff appearance. Perth gave the mighty Arkansas Travelers a run for their money in the playoffs, but came out a little short. This year's squad was driven by a strong offense lead by Joe Torre, Richie Allen, Joe Pepitone and Brook Robinson. Tommie Agee, Elston Howard and Roger Repoz played great supporting roles. On the defensive side, while Perth's pitching was questionable all season long, Jim Perry and Catfish Hunter came close to winning 20 games and Joe Hoerner won the Fireman of Year Award. Perth bids farewell to Hoerner and Agee as they regress into pre-professional baseball life. The Diamond Cats' roster has been built to run the long haul into the past and expects to be a playoff contender for the foreseeable future (pasture). Perth will look to strengthen their pitching and add some currently missing pieces to shore up the roster until the time when the Perth Diamond Cats franchise is no more.

# RENSSELAER Strikers

Manager: (Jim Pertierra)

Age: -- Occupation: --

## The Season Story

As Yaz goes, so goes the Strikers. Yaz returned to just another good player and the Strikers stumbled back to .500 and were not much of a factor. Norm Cash had a steadily fine year and young Joe Foy caught fire in the second half to support him. It might have mattered if there had been a full year out of Mack Jones, who was a VERY pleasant surprise. Not much to talk about pitching wise except for the great season turned in by Milt Pappas, the staff leader all year. Back to the drawing board.

# SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 48 Occupation: NWS Meteorologist

## The Season Story

Another step toward the cliff with the team recording a solid sub .500 season. One of the more hittable staffs, the lack of too many free passes did help to keep things somewhat competitive. Gaylord Perry continued to anchor a dwindling staff with 15 wins and a dozen complete games, followed by staff ERA leader Ken Johnson. Unfortunately, the return of the Three Stooges defensive scheme set up the league worst fielding percentage, paced by Sonny Jackson who came up short keeping the stolen base total (43) ahead of his errors (47). The highlight was the late season matchup against the Browns, where by some miracle the Sioux managed two NO DECISIONS against Koufax, taking 19 innings to win one of the two games. After the disaster of "Sound of Music" night, music-themed promotions could be done for this franchise!

# SANFORD Browns

Manager: Jim Pertierra (Janet)

Age: 64 Occupation: Contract Supervisor - Cushman and Wakefield

**TML Champion x3**

## The Season Story

The Browns went to their 6th straight World Series and captured their third straight TML Championship. In a league made up of such great managers and teams, that is a piece of luck that can not be defined. Of course, trading away big favorite Al Kaline and a #1 to land one's favorite player ever to add to and offense named Frank Robinson helped matters big time. They were the story of the season from start to finish. Sandy was aided and abetted by Sonny Siebert and Sam McDowell and Phil Regan was there in the end to tidy up any messes. This is probably it for awhile for the Browns, but what a run it was.

# Stat Key

**RC (Runs Created) = [(A times B) plus C], all divided by D, where**

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

**RC / 27 outs:** runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

**QS (Quality Starts):** the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

**OAVG:** the batting percentage against each pitcher.

\*\*\*\*\*

**Batting & Pitching Leaders:** the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

**Team Stats:** an asterisk ( \* ) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret ( ^ ) indicates that the player or pitcher tied for the lead in his Association in that stat category.
