ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 56 **Occupation:** Financial Analyst

The Season Story

Mickey Mantle led the league in walks. That was the high point for this year's edition. The team made a modest increase in wins from 50 to 61. But the team has a long, long way to go. Mantle had 18 homers and only 60 ribbies thanks to the lack of hitters in the lineup. Don Lock led the team with 22 homer; Shannon in RBI's with 66. Phil Linz (OPS .609) somehow nearly took the RBI crown from Shannon, missing by 1. Pitching was hardly better, Larry Jackson was 10-18, but pitched way better (3.56 ERA) than his record. Danny Frisella and Jim Brewer turned in capable half seasons. Pena and Hernandez's relief effort were wasted commodities on this team. Billy Rohr, fan favorite, pitched over his head. Albany fans hope that the base of Jackson, O'Toole, Mantle, Burgess and Landis can be built upon through drafts and trades.

The Season Story

A very disappointing season indeed. If they don't play up to potential next year, surgery will follow. It's a lot more fun building a team than failing to rise to expectations.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 44 Occupation: Scientist

The Season Story

The Hillbillies were good but not good enough to compete with the heavyweights in the Oceanic Division. Horace Clarke continued to outshine his real-life performance leading the team in batting average. The pair of Willies (Mays and McCovey) each contributed 29 and 27 homeruns respectively while maintaining low batting averages. Lou Brock and Tommy Davis helped propel the offense to the middle of the pack. Fergie Jenkins led the inconsistent pitching staff with 19 wins. Unlike in past years the bullpen proved with be a strength. The team will be in transition over the next couple of years but with Mays and McCovey there is always hope.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 53 **Occupation:** Meteorology Professor

The Season Story

The foot infection spread to the hands of the Bloomington fielders in 1967. The infield especially came down with "hoof-in-glove" as Versailles (38 errors), Javier (24 errors), and Mathews (22 errors as part of a platoon) led to a total of an error per game. While this wasn't the worst in the TML, it led to 100 unearned runs, the second worst total behind Albany. Throw in 159 HR yielded in a HR-challenged league and few bad deeds went unpunished. At least, Julian Javier didn't take all his fielding problems to the plate, leading the team with modest HR, RBI, and runs scored totals. Tony Gonzalez was runner-up for the league batting title at .353. Pitching-wise, Bob Hendley (6-20), Bob Humphreys (13-16), and Mike McCormick (12-16) may not have pitched as badly as their records. On the other hand, Hendley and Humphreys were one-two in the league in gopher balls. On the (Roy) Face of it, Roy had 23 saves, but he blew 9 games with a 3.78 ERA. As a team, the Bunyans blew 25 of the 58 save opportunities. Thus, BY was 7-13 in games tied after 7, 23-35 in 1-run games, and 5-11 in extras.

CHETICAMP Micmacs

Manager: Eric Rogers

Age: 55 Occupation: Meteorologist

The Season Story

Overall, a fun season for the Retro Micmacs. After hovering at the fringes of the playoff race in the Atmospheric Division for the first two periods, the Micmacs caught fire in Period 3, going 35-13 (winning their last 11 games) and came up just short of Arkansas and Rensselaer. The starting rotation was solid, led by Cuellar (19-6, 2.80 ERA), overachiever Ray Culp, and Tom Seaver in his final retro season. McAuliffe put up solid offensive numbers (second in Runs Created). The major deficiency was the weak bullpen that lacked a reliable full-time closer. With a weaker rotation I expect the Micmacs to finish closer to last place than first in 1966 and for the foreseeable future.

COACHELLA VALLEY Earthquakes

Manager: Mike Landin (Teri)

Age: 60 **Occupation:** Retired/Part-time Professor/Softball Player

The Season Story

Another last place finish, but hot bats off the bench (pinch-hitters Kostro, Torborg, Shopay and Fernandez combined for 46-133, .346 AVG) and a solid late bullpen of Abernathy (1.39) and Lasher (2.47) kept the Quakes from having the worst record in the TML and setting a new lowest single season team AVG (.206 without the pinch-hitters). Perhaps the most important factor though was the emergence of Jim Bunning, who set a new TML Record for IP (355.2), while leading the TML in CG (29) and K (300). The run support for Bunning was horrendous (about half the team season average), as he pitched into extra innings 5 times, posted a 2.68 ERA, and did not deserve a 20-loss season. Bill Dillman got more run support and was the team leader in victories with 13. Newcomer Whitey Ford only went 2-5 in 7 GS, despite a sterling 2.42 ERA. Again, run support for Ford was poor. Luis Aparicio was the “spark” of the limited offense, played every game, and led the team in several categories. He is also the first Quake to have 60+ RC over the past 3 seasons. Lee Maye and Ray Webster led the team in HR with 14. The goal now is to get some *bats* into the lineup!

COOPERS POND Braves

Manager: Chick Wade (Debbie)

Age: 64 Occupation: Retired/Youth Baseball Coach/Golfer

The Season Story

As expected the bottom fell out for the Braves in 1966. In fact, we went from playoff team to the worst record in the league. Hopefully over the next two or three years, the pieces will be put together so that the Braves can at least be respectable.

DULUTH Thundercats

Manager: Kevin Tyle (Bryan)

Age: 49 Occupation: Computer Administrator/Meteorologist

The Season Story

The Thundercats continue to be caught up in a seemingly endless cycle of mediocrity, with the biggest drama centering on whether the team breaks .500 or not. The drama went right to the end of the season, and it ended positively for the Cats as the team performed better than expected versus the division leaders. There was just not enough punch on offense, although Ron Santo had an excellent season on the hot corner. Mel Stottlemire and Joe Sparma led a solid if unexceptional starting rotation; Bob Gibson and Mel Queen also had fine years, although both were limited in terms of appearances. More of the same looks to be on tap for 1966!

HACKENSACK Bulls

Manager: Roy Gorham (Brandy)

Age: 37 Occupation: Engineer

The Season Story

The Bulls finally crack the playoff code for the first time in the retros and the first time in manager Gorham's 17th career in the league. Unfortunately, the Bulls ran into the 121-win Sanford Browns and got bounced in 6 games. It was the 2nd straight 100+ win season for the Bulls, who were 3rd in the league in runs scored and 3rd in the league in runs allowed. The regulars on the team all performed as expected, although Bobby Knoop surprised with a .298 average. Ernie Banks was relegated to bench duty and he failed to hit a homerun in 141 at bats. Lee Stange and Ray Sadecki emerged as leaders of the pitching staff, which boasted 6 pitchers with double digit win totals. Jimmy Wynn took advantage of favorable park effects to club 49 homeruns, tied for the league lead.

MOOSEN Squirrel

Manager: Bill Graham (Cathy)

Age: 63 Occupation: Attorney/Freelance Writer

The Season Story

It was an interesting season for the Squirrel as we won about 20 games more than we expected. Gary Peters went on a tear during Period 3, winding up with 7 shutouts to lead the league in that category. The team turned out to be a solid one in many areas but not deep enough to perform at a high level throughout the season. On the offensive side, Bob Aspromonte, Jimmie Hall, Jesus Alou, Manny Mota, Cookie Rojas, and Dick Tracewski all contributed to a fairly balanced attack. But the offensive accolades go to Jim Ray Hart with 119 RC, 32, HRs, and 102 RBI to go with 86 runs scored and a .308 AVG. We just hope next year's team is as good.

NORTH ADAMS Bevers

Manager: Mike Ameen (Beverly)

Age: 49 **Occupation:** Restaurant Owner/College Softball Coach

The Season Story

The Bevers simply did not have enough power and pitching to make a move this year. Roberto Clemente had a great season but it was not enough to offset a disappointing season from Willie Stargell. The surprise was the consistent season from Gene Alley both at bat and in the field. A true surprise. The two headed ace of Jim Lonborg and Don Drysdale pitched great all season but there was not enough offense for them to notch more than their identical 15-13 records. Uncle Steve Blass was limited but effective. All in all, a true kiss your sister season for the Bevers.

PENSACOLA Pelicans

Manager: Mark Hetterich (Connie)

Age: 66 **Occupation:** Program Manager & Instructional Designer

The Season Story

Another dismal season, 61 wins (tied for 3rd worse in the league). The offense was the primary problem, the Pelicans finished with a .231 batting average. The pitching was respectable, a 3.59 era that tied for 8th place. Individually, Bill White and Tim McCarver led the team with 17 and 12 HRs respectfully. Phil Niekro won 9 games and had a 2.98 era to lead the starting pitchers. Dick Hall with 10 saves and a 2.69 era in 50 games led the pen. More of the same in 1966 with the offense slightly improved but the pitching much worse.

PERTH Diamond Cats

Manager: Steve Syzdek (Suzanne)

Age: 42 Occupation: Attorney

The Season Story

Perth was in the thick of it for most of the season, but a horrendous home stand at the end of the season, going 2-14 against AR and CH, sealed Perth's fate to finish 4th in the Division. Richie Allen led Perth's offense and if it weren't for a guy named Yaz, Allen would have been able to make a serious claim for the title of Player of the Year. Perth also saw great offensive production from Scott, Robinson, Pepitone, Davalillo and Gabrielson and was arguably one of the most potent offenses in the league. Pitching was Perth's problem as Diamond Cat starters had one of the lowest quality start percentages in the league and while Perth's relievers were solid, they blew some critical games. The Diamond Cats will look to strengthen its nucleus and improve its pitching to make that final leap to a playoff spot. However, Perth's time is running short so the GM will have to get on the stick if the Diamond Cats hope to make a run at the title before the team fades off into the pasture!

RENSSELAER Strikers

Manager: (Jim Pertierra)

Age: -- Occupation: --

The Season Story

A huge Wow Season for the Strikers. Say it is so Joe!! Like last year, offense started with Carl Yastrzemski, who fell a homer short of the triple crown. An indescribable season. The team really took off when Joe Foy, Vada Pinson and Norm Cash settled in full time after Cesar Tovar and Yaz. It made the tope 56% of the Striker lineup truly potent. Add Mack Jones and it was lights out. Joe Horlen and Milt Pappas again were workhorses and this year got the benefit of the offense. The twin stoppers of Dave Baldwin and Turk Farrell were highly effective. A wonderful season to be a Rensselaer fan.

The Season Story

A slightly better than average team behind the plate and a slightly better than average team on the mound actually did result in a team that performed slightly better than average overall. The pitching staff enjoyed finishing what they started, second in the league in complete games, about once in three to four starts. Perry was once again a workhorse, finishing a lead second 20 games. On the offensive side, Blefary, Staub and Horton battled to the end for MVP, with Blefary winning by a nose. Management realizes that rough times are just behind as experience is lost, so as a promotional event, plans are to Evel Knievel jump Commish Landin and the rest of league owners on his motorcycle.

SANFORD Browns

Manager: Jim Pertierra (Janet)

Age: 63 Occupation: Contract Supervisor - Cushman and Wakefield

TAL Champion x2

The Season Story

The Browns went to their 5th straight World Series and won their 3rd Retro title. A great run. Unlike last season, the Browns had a solid offense led by Al Kaline and Frank Robinson and ignited by Paul Blair and Curt Flood. Robinson, though limited to 119 games created a run a game in putting up full season numbers. The real story again was the starting pitching with the 5 main starters leading most pitching categories. Hard to pick just one as they were all great at one point during the season. The real key was the person no one knows about, Mike Marshall, who had one of the great unknown seasons in league history just as did Vicente Romo in 1968. Another fine year for the Browns and the team's namesake is in the fold for 1966.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

◆ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
