1990

by Jim Pertierra

It was the best of times, it was the worst of times. I wonder which will eventually describe TML 11. It was a monumental year where we incorporated a different game and lost a Co-Commisioner for a year.

Certainly the changeover to ASG was not without pain. Several members ducked out early on due to their dislike of the game. Just before the season opened, two more decided to do the same thing. In the case of the latter, it left us much stronger because both Tom Ross and Scott Lagace where excellent managers. Fair and timely!!

All in all I would deem that the change to ASG was a success. I know that there are people out there that are not in love with the game. All I can say is that my brother-in-law Frank has been playing a game he hasn't liked throughout the entire history of this League and he's still with us. My final words on the ASG conversion are that no game is perfect, but the tools are there to make this the best game (not simulation) on the market. Then again, I've had the advantage of seeing the computer game in its infancy also.

The unexpected matchup of Walla Walla vs. New York for the TML championship will be covered in detail by the reporters and the numbers. I won't go into it here. I will say that I am happy for Bryan and hope that he has success in defending his title. A title he richly deserved.

We again say goodbye to many fine managers this year. Chick Wade was one of a kind. He was always looking up at someone else winning the division. He was the perennial 2nd place finisher. That was only in the standings Chick! No one

was ever a better manager in this League. Les Fleming took his second leave of absence from the League. Hopefully that leave will be as short as the first. Les=class. Ed Faver is taking a year off to adjust to a rapidly changing life style as a father. We know Ed will be back so we won't say goodbye.

We welcome back Jack Stephens, Gerry Klug and Bill Vincent as active Managers. What can I possibly say that I haven't already about these three fine people other than they have been missed.

Just before closing, this is the list of people who have gone through all 11 years with us: Mike Landin, John Gatto, Carl Carpenter, Mike Mayko, Chris Lentine, Doug Zuchowski, Frank Lentine, Jim Schembari, Chick Wade, Nite Mahan, Art Albanese, Dave Pittner, Rocky Hall, Rich Goldberg, Larry Alber and Jim Pertierra.

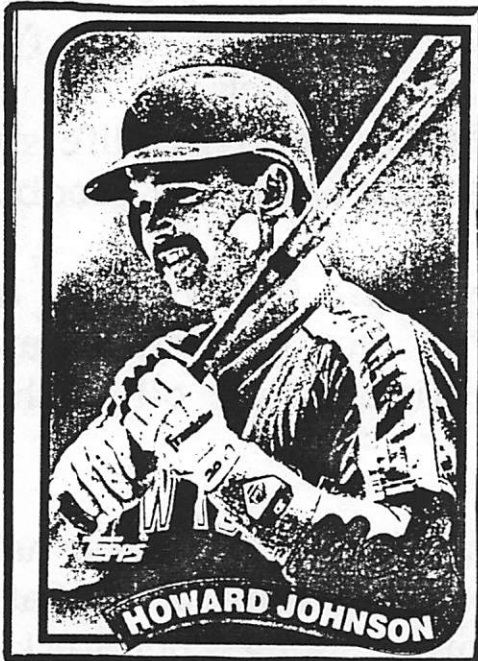

Finally, I must get in my two cents for the first and last time about Mike's leaving. I think that he deserves the vacation and hope that he can return in the future. He has left giant shoes to fill and I will do my absolute best. We are different people and that is the reason that we have had so few problems over the years. He pushes me when I need pushing (often) and I am his sounding board when he gets hopped up (not often). We are still the best of friends and he gets consulted on everything that we attempt to do. His absence will leave a gaping hole. But his example is one I will always try to maintain. Have a good year Mike!

A final heartfelt thanks to each and every one of you for the support you've given me over the past year. Don't be surprised to hear from me looking for your input on some ideas. You are all valued friends.

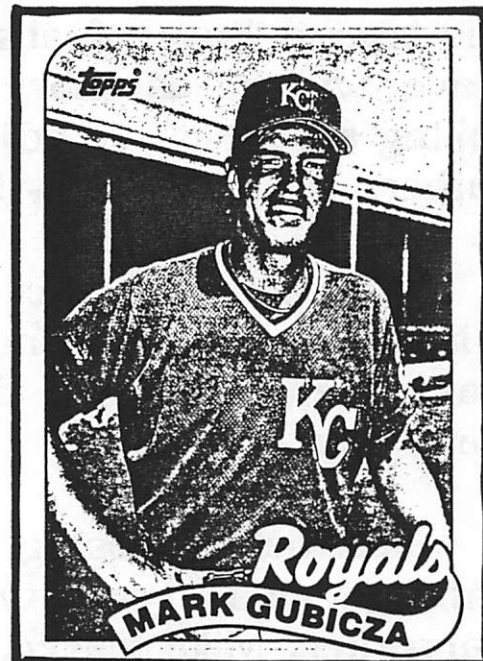

Have a good year and see you soon!

The American Game

with Mike Short

Bryan Sakolsky's Walla Walla Wombats captured the first Williams Division championship on the swift heels of Rickey Henderson, and solid performances by Bobby Bonilla and Julio Franco. Henderson stole 104 bases, while only caught 16 times. His ability to get himself around the bases contributed to 128 runs scored. Usually it was Bonilla (111 RBIs) or Franco (110 RBIs) driving him in. The pitching was led by 19-game winner Jose DeLeon and Dennis Martinez's 18 wins. The pen chalked up 38 saves behind the one-two punch of Doug Jones (17 saves, 2.23) and Les Lancaster (15 saves, 1.64). The Wombats parlayed their playoff appearance into an American Association Championship by defeating Philadelphia in seven games, winning the last four against Colonie to take the series 4-2, and bumping off regular season champion Sherlock to face the New York Woodchoppers in the TML World Series. The charm continued for the Wombats in the World Series, as Walla Walla defeated New York four games to one. The Record Book: The Wombat's 62 errors represent the fewest miscues ever by a TML team. Wombat Wisdom: Walla Walla, with 93 wins had the poorest record of any American playoff team, yet won the Association Championship and the World Series.

The Rockford Radar stumbled badly coming out of the starting gate, but a hot summer stretch Tom Kopp's team in sniffing distance of the frontrunner. A potent offense was offset by disappointing pitching, as the Radar were among the top five in runs scored, and the bottom five in runs allowed. Basically, a lot of runs were scored in Radar games. Ryne Sandberg made the offense go, leading the team in home runs (26) and RBIs (111), and driving in the winning run 18 times to lead the American. Lonnie Smith popped 25 home runs and drove in 97 Redarmen, while Barry Bonds scored 109 times despite a .312 on-base percentage. On the mound side, the results were more disappointing, especially Mitch "Wild Thing" Williams, en route to a 2-9 record and a 6.23 ERA. Bill Landrum was much more reliable, chipping in at 2.49 with 18 saves. Opponents hit .272 with 158 home runs against the Radar. Radar Racket: Mitch Williams walked 8.7 batters every 9 innings.

The Zagazig Zilches could not find enough help for Reuben Sierra to compete for Manager Bob Weisman. Sierra was terrific, playing all 160 games, and driving in 104 runs on the strength of 27 homers, not to mention an association-leading 18 triples. But he slugged nearly 130 points better than the rest of the team, and Zagazig could not put 600 runs on the board. Tom Henke and Gregg Olson were very difficult to score on once the game got into late innings, both posting ERAs under 2.00. Henke collected 28 saves, and Olson added 11. The starters were largely

an indifferent bunch in 1990, though Ken Howell did lead the team in wins with a 13-8 record. The Record Book: The Zilches turned the fewest double plays in TML history with 90 twin killings. Zilch Mulch: Perhaps appropriate in the Egyptian heat, the Zilches led the Association in air-conditioning, whiffing 1062 times. The pitching staff was second in strikeouts, returning the favor 1053 times.

John Getto's Chicago Bruins just didn't have enough of anything to compete. The team's .356 slugging percentage and .310 on-base percentage were among the lowest in the American, and the result was not enough runs for Bruin pitchers. Mark Grace led the Bruins in most offensive categories, including runs (81), RBIs (80) and homers (18). Grace walked 73 times, the only Bruin over 40 in that category. The starting pitching was fairly good in terms of earned runs, but the bullpen had trouble shutting the door, as Tim Burke saved 17 games and won 12, but also dropped ten decisions. Typically, a closer with 22 decisions is not doing the job (compare with association save leader Mark Davis, who had only 10 decisions at 7-3). Bruin Bits: Orel Hershiser led all American pitchers in complete games with 24. It is probably not his fault that 20 of his 31 decisions were losses.

The Banff Biffs may have turned the corner for Manager Eric Rogers in 1990. Banff's best team could play with anyone, and the Biff manager took great relief in beating up on the big boys several times early in the year. The trouble was depth and durability, as only three regulars were able to play in as many as 150 games. Will Clark had a stellar year at first base, leading Banff with 22 home runs and 81 RBIs, as well as scoring 93 times. Rafael Palmeiro also scored 90 times. The pitching was weaker, as only Frank Viola among the starters throw for an ERA under 3.25. Rob Murphy and Mike Jackson shared the limelight most often, tying with Chuck Crim (NJ) for the Association lead in appearances. The Record Book: Banff set the American record for least stolen bases, with only 37, which would place them ninth on the individual steals list in 1990. Biffing with the Biffs: Not only did the Biffs not steal bases, they were the only team to get nailed more often than they were successful, which may account for their unwillingness to "break for second."

The Sherlock C's combination of pitching and power proved too much for most American foes, as Carl Carpenter's powerhouse grabbed the Ruth Division Championship in 1990. The C's, leading the league in home runs with 199, captured 110 wins to take the Association's best record easily. Sherlock used the long ball to score an Association leading 876 runs. They won the division by 11 games. Howard Johnson and Kirby Puckett

provided most of the fire-power and excitement. Johnson put up MVP style numbers with 154 runs, 42 homers, 116 RBIs and 41 stolen bases. Puckett contributed 122 runs and 53 doubles, while hitting .356, the top average in the American. The team hit .288 and slugged .463. But the offense is only half the story. Paced by Chris Bosio (23-6, 2.83), the C's team ERA landed just below the 3.00 mark. Five starters won at least 15 games, including Chuck Finley, who joins Bosio at 20 or more. Jeff Montgomery slammed the door late in the game, with 34 saves. Sherlock defeated Nicoville to win the Western Conference Championship. The Record Book: Kirby Puckett tied the American record for hits in a season, first set by Wade Boggs (PS) in TML 7, with 254. C Stuff: Howard Johnson posted the second 40/40 season (40 homers and 40 steals), joining himself in the TML's loneliest club.

Craig Christmann's Los Angeles Spiders put up outstanding offensive numbers, and combined that with a tough pitching staff to mark up 99 wins. Particularly remarkable was the Spider infield of Von Hayes, Whitaker, Ripken, and Boggs, each of whom scored and drove in at least 90 runs, led by Whitaker's 102 RBIs and Boggs 102 runs. Paced by this foursome, the Spiders pushed 822 runs across the plate. On the pitching side, the staff was anchored by the outstanding performance of Mark Gubicza, who led the Association in wins and winning percentage at 26-6, and innings with 291. Danny Darwin was a force out of the bullpen, winning 5 and saving 14 while posting a 1.86 ERA. The Record Book: The Spiders drew more walks than any team in American history, with 719. Spider Web: Los Angeles' Jimmy Key walked the fewest batters per nine innings in the American, only 1.8.

The Wakefield Cardinals lost manager Jim Clayman half way through the year, but it did not keep the team from post some pretty remarkable numbers. The Cardinals were second in hitting with a .275 mark and posted over 700 runs, sixth in the Association, this for a team that finished 10 games under .500. They managed that on the lack of strength of the pitching corps, who placed them sixth from the bottom in ERA at 4.33. Ron Darling tied for the lead in gophers allowed at 36, and only one starter was under 4.00. Rick Honeycutt and Roger McDowell split the saves, but McDowell's ERA was over 5.00. Tom Brunansky drove in 103 runs, and Brett Butler and Steve Sax each scored over 100 times. Cardinal Comments: Consistency was not Wakefield's watchword, as they posted the longest winning streak (10) and fourth longest losing streak (8) during the season.

Larry Rumsey's Coldwater Lakers had the opposite kind of year from Wakefield, though they posted the same result (75-85). The Lakers did it with

pitching and no offense. Jesse Barfield led the team with 78 RBIs and only Roberto Alomar scored over 70 runs, all on the strength of the Association's most anemic slugging percentage (.333). The pitching was excellent, however. Mike Moore posted a 20-7 record with a 2.33 ERA, and Bob Milacki split (more or less) 33 decisions with a 3.56 ERA. Steve Bedrosian saved 23 games. The Record Book: The Lakers hit the fewest home runs in TML history when only 66 balls left the yard. Not surprisingly, they also set the American record for lowest slugging percentage at .333. Laker Lip: Mike Moore handcuffed his opponents nine times to lead Association pitchers in strikeouts.

Les Fleming's Sir Jeffery Silver Knights simply could not get people out. A weak defense coupled with a poor pitching staff yielded a whole lot of runs, 100 runs more than the second weakest team, Pensacola. Knight opponents collected 300 more hits than innings, while picking up over 600 walks and smashing 171 home runs. It wasn't simply the rarified air in the home park, because the Knights did not score 600 times. This despite Bo Jackson (Bo knows dice) who clouted 34 homers and drove in 92 runs. Only Ozzie Smith could score as often as 80 times. The Record Book: The Silver Knights were gallant indeed, chivalrously yielding more runs and more earned runs per nine innings than any team in American history with 926 runs allowed and a team ERA of 5.39. Coincidentally, the Knights (and New Jersey) set the American record for fewest complete games. Knight News: The recidivist Knights swiped 214 bases in 1990, leading the Association.

The Colonie Flames stormed from behind to take the first Gehrig Division crown, beating out a solid Philadelphia squad by five games, much to the pleasant surprise of Manager Mike Short. The Flames posted their second best season ever. The Flames pitching and defense proved very stingy indeed. Tom Candiotti led all American starters with an ERA of 2.11, and Nolan Ryan, at 2.88, had the highest ERA among the four starters with 30 or more games. In the pen, Davis, Thigpen, Stanton and Lamp all had ERAs under 2.00. While the starters were tough, the pen won 33 games, while losing only 13, and saved 50 games, led by Mark Davis with 37. Kevin Mitchell led a rather anemic offense with 45 homers, 96 RBIs and 109 runs. Tim Lincecum stole 53 bases to provide some speed, but basically the team relied on its ability to keep other teams away from home plate. The Record Book: Colonie set several American team pitching records, including Lowest ERA (2.63) and Most Shutouts (24). They also set marks for Least Runs (483), and Least Earned Runs (427), despite leading the Association in innings pitched. Nolan Ryan set an individual TML mark by striking out 12.18 batters every 9 innings. Flame Facts: Colonie became the only team in the TML to strike out 1000 opponents in each of the last five years.

The Philadelphia Blue Jays kept manager Joe Steinmetz excited all year. Fast out of the gate, the Jays held sway in the Gehrig all year before stumbling a little at the end. Still, with 99 wins, they qualified for the Global Conference Wildcard. The Jays did it on the strength of Don Mattingly (.295, 21, 100) and Paul

Molitor (105 runs), combined with a pitching staff among the top five in stinginess. Bryn Smith had a sensational year, posting a 21-5 record combined with an ERA of 2.16, good enough for second in the Association. Roger Clemens and Bob Welch won 18 apiece while Scott Bankhead checked in with 17 wins. Jays Chatter: Except for Sherlock, no team got more wins out of their top four starters than Philadelphia, whose aces posted a 74-37 record (.667).

To hear about it, the Darkfyre Daemons had a terrible year. There is no denying that on paper, Mike Landin's team looked like the one to beat in the Gehrig. But something about chemistry, or the dice, or something conspired to hold this team to "only" 90 wins. Robin Yount was not the reason why. The trade which brought the Player of the Year candidate to the Daemons brought in 22 home runs and 103 RBIs from a player who appeared in every game. Yount scored more than any other Daemon as well, 92 times in all. Bert Blyleven did his part to pull the team to the top, posting a 2.60 ERA and a 21-5 record. But the real story is the second string pen, Randy Myers and Greg Minton, who conspired to drop 14 games between them. Daemon Declarations: Dennis Eckersley walked 33% too many men in 1990. That's right, he walked four in 49 plus innings. Sometimes nothing goes right.

For Bill Graham and the Baskerville Hounds, the season resembled the story of Jekyll and Hyde. The Hounds sprang out of the gate, dropping would-be contenders in their wake. But a mid-season batting slump that lasted till the end of the season put to rest any hopes of post-season glory. Though Fred McGriff led the team in most offensive categories (79 runs, 73 RBIs, 27 homers, 110 walks), he just didn't live up to expectations. And the Hounds really needed a top performance from McGriff. The pitching was not spectacular, but strong performances by Dave Stoib (2.83, 15-13) and Dave Righetti (26 saves) had their redeeming value. Hound Howls: Baskerville, along with Sir Jeffery, got the most out of their offense, scoring 1.04 runs per run created (if you believe in all that stuff). Only Sherlock and Tuscaloosa, at 1.01, were also over 1.00.

It was a long year for Rich Porrotti and the New Jersey Pinstripers. Joe Carter (33 homers) and Gary Gaetti (26 homers) offered some power, but the team was seldom on base (.301) to be driven in. On the other hand, the pitching staff was constantly putting people on base, giving up 2153 baserunners in 1418.2 innings. Al Leiter had the misfortune of sharing the Association mark for losses at 8-22. Pinstripe Points: New Jersey gave up fewer home runs per batter faced than any team in the American. Only Colonie gave up fewer home runs, and the Flames faced about 400 fewer batters.

The Nicoville Samurai, backed by 20 game winners Bret Saberhagen and Doug Drabek, coasted to the first Robinson crown, as Bill Jelts piloted his team to the only blowout this year, winning by over 15 games. Lary Andersen's 33 saves sealed the fate of Nicoville opponents, preserving wins for a staff that saw all five starters

win at least 14 games. Forty-one complete games showed that Andersen was often not needed. The pitching was the closest to a finesse staff, as the Samurai were the only division winner without 1000 strikeouts. Nick Basky put up dizzying numbers with 30 home runs and 114 RBIs. Ivan Calderon's speed and power (67 extra base hits) and Jack Clark's eye (146 walks) supported a balanced offense that scored 768 times. The Record Book: Jack Clark set an American record for walks with 146. Nicoville Nugget: Nicoville defeated Los Angeles four games to two in the Western Conference wildcard contest.

The Tuscaloosa Crimson Tide guaranteed many high-scoring games for manager Ralph Geiger, as a high-powered offense, responsible for 749 runs, and a low-power pitching staff, responsible for 743 runs, led to several high-scoring games. Remarkably, the offense was a team effort. Hrbeek led the team with 78 RBIs, and Robby Thompson's 90 runs was far and away the best. Jeff Russell was virtually unhittable out of the pen, with a 1.29 ERA and only 3 homers allowed in 62 innings. This led to 7 wins and 29 saves. Tide Talk: Dan Gladden was second only to Milt Thompson (NS) with 12 outfield errors. Thompson had 14.

The Suncoast Suns underwent a change of management midway, with Hank Pedicone replacing Doug Tobey. The results didn't change much; the team remained right around .500. Balanced power offensively help the Suns score reasonably often. Six players had ten or more homers, led by Pedro Guerrero and Jeff Leonard with 20. In the final analysis, the Sun pitchers were just too generous: only Sir Jeffery opponents hit at a higher batting average (.280). Sun Coasting: Sun pitchers struck out fewer batters than any other team, the only American team under 700 whiffs.

For Brandon Rose and the Flin Flin Diamond Kings, "wait'll next year" started early. And with the financial problems plaguing the team, it may be a while before the Kings surface as contenders. Kings led the Association in several dubious categories: Andres Galarraga in strikeouts (as a batter: 159), and Doyle Alexander in losses, hits allowed and home runs given up. Flin Flin Flights of Fancy: Gary Thurman did the impossible: he led the Association in steals, despite batting only 104 times.

Mark Hottenrich had the misfortune to watch his Pensacola Stingrays achieve the worst record in the American at 49-111. What was remarkable about the Rays was how they did it, dropping 19 home games in a row at one point, getting swept by Wakefield with contingency rules, and losing 23 out of 24 games to division partners at home, until getting into a dogfight with Nicoville at the end of the season. Ironically, the 19 game losing streak was broken against Colonie, who had the second best record in the American this year. Gregg Jefferies was the bright spot, the only Ray to drive in and score as many as 70 runs. Bobby Witt actually had a worse record than Al Leiter at 5-22. Sting Ray Stingrays: To the best of my ability to research it, I believe Pete Smith is only the second pitcher in American history to give up over 200 runs. (The first was Bell of Pensacola during the 1988 season).

The Season Story

To use an expression by a moronic TV meteorologist in Boston, TML XI was M.O.T.S. (More of the Same) for Banff. A lineup with lackluster power and a mediocre pitching staff kept Banff well under .500 again. W. Clark led the team in all offensive categories and D. James & Palmeiro also hit well. The platoon trio of Schu, Boston & M. Davis (combined for 26 hrs) helped some. rob Murphy led the Free World in Relief Losses (15)! Only bright spot was taking the season series from Zagazig again. I thought I'd make the playoffs when Bob Weisman got married (i.e. when Hell froze over) but now I must revise my estimate.

The Season Story

We got off to a slow start and shifted into reverse. The team was weak offensively (the worst team batting average in the American Association) and mediocre in the pitching department. At times it seemed like we were suffering through a season in Hell - and that was before the Flames came to town! But hope springs eternal (or is it Spring brings hope eternal) and next year, who knows? Perhaps .500 is achievable.

Biographical Sketch

Starting to look forward to Medicaid and this Bruin contingent is helping it along. This year transferred from OTL (those guys were getting too old) to BRA (younger and slower yet) and getting interested in the Replay computer version. Our #4 and youngest progeny finally matted this year, so number of grandchildren may not remain at seven much longer.

The Season Story

Improved by 8 games better than last year's team, so at this rate, we could win a pennant by the year 1993. Hershiser had even worse defensive support this year than last when he won Pitcher of the Year. This year he faked an arm injury in order to be traded and it worked. In general, the pitching wasn't that bad considering we had no 3rd baseman and weak arms in the outfield. CB also hit an alltime team low of 94 homeruns, led by Mark Grace's 18. It's "back up the truck" time again - we're cutting 8 players already including some retirees, and we have to rebuild again since players who were counted on to help this process, failed this year in MLB. Looking for a good year from Tewksbury (4th round pick last year) and leadership from old Dave Parker, no less.

COLDWATER Lakers

Manager: Larry Rumsey (Carolyn)

Age: 47 **Occupation:** RCA-E8

Biographical Sketch

My wife Carolyn and I have been married for 22 years & have three children - Mary 21, Mark 17 & Scott 15. My daughter & her husband have a son Matthew 20 months & are expecting their second child in May. I have been working for the Coldwater Regional Mental Health Center for 23 years. I have been involved in mail leagues since 1972, but have been playing the game since 1960. My hobbies include fishing, bowling, tennis & swimming. In my spare time, I enjoy spending time with my Grandson.

The Season Story

Coldwater had an average season with good pitching. Mike Moore (20-7, 2.33), Milacki (16-17, 3.56) and weak hitting with no power. Coldwater hit a total of 66 homeruns for the year. My best player is Roberto Alomar (.279 average) so I have a lot to work on to play with the big boys.

The Season Story

I have this problem in the playoffs...on the other hand, I didn't expect to be there, but terrific pitching and deep, carried the days. Especially proud of American records for ERA, Runs, Earned Runs and shutouts. Not much offense, but Mitchell's 45 hr's carried the day. You don't need to score much when the other team can't. The team is averaging 95 wins a year since moving to Colonie...In Ohio, the team best was 96...Starting the sixth season in Colonie.

DARKFYRE Daemons

Manager: Mike Landin (Teri)

Age: 37 Occupation: Meteorologist

Biographical Sketch

Continue to work and broadcast weather reports for SUNY-Albany. Am now a back-up "on-air" meteorologist on WTEN TV-10 here at Albany. This past season provided the least amount of fun for me, mostly as Co-Commissioner, as compared to the previous 10 years. I will take a one year sabbatical and see how "things" work out. Please keep in mind that it was not my sole decision to switch games to "ASG". A number of members are mis-informed as to how the TML operates.

Team MVP: Yount

Most Unexp. Perf: "ASG"

The Season Story

My closing comment in last year's yearbook was "next year will be better, mostly because of the switch to a much better game." I was forced to eat those words! We did win one more game than in '89, but this time finished third (with the best record of all TML teams that did not go to the playoffs). Granted, it was a tough division. The biggest problem was ASG's failure to reproduce my middle bullpen, Myers & Minton (2.35 & 2.20 ERA, real-life, respectively). They failed way too many times! This bullpen should not have had only a .500 record! Offensively, McGwire and Canseco both hit under .200 and were 14 HRs under real life. Lansford hit 40+ points under. Look at the strikeouts that Gwynn & Lansford had (30 & 25, real-life, respectively). Nothing like contact. Overall, the team hit 25 points too low. In conclusion, I was not impressed with last year's version of ASG.

Age: 34 Occupation: Engineering Geologist

Biographical Sketch

Born and Raised in Northern New Jersey, moved to L.A. in 1989. Currently working for the state of Californial Regional Water Quality Control Board. I've been playing table top baseball games since grammar school when friends and I had a League using a home-made game.

Team MVP: Gubicza

Most Unexp. Perf: J. Morris

The Season Story

The Spiders had a good, solid season, but were not quite good enough. Although the power numbers were good, and the team on base percentage was as good as any, a lack of clutch hitting hurt the Spiders all year. Mark Gubicza was the star of the team pitching a no-hitter and winning a total of 26 games.

NEW JERSEY Pinstripers

Manager: Rich Perrotti (Donna)

Age: 34 **Occupation:** Salesman

Biographical Sketch

Did you know that...Rich and Donna bought their first home in October of '90...they both survived a major reorganization at their company, and actually improved their position in the process...were godparents to their niece, Amanda, and Rich was Godfather to Ed Faver's son Timothy...that Rich added Atlanta Fulton County Stadium to his visited ballparks list...More next year.

Team MVP: Gooden

Most Unexp. Perf: Bip Roberts

The Season Story

Oh, the joys of rebuilding!!!! NJ hit rock-bottom with 105 losses, as management started to trade away established stars and build with youth. Names like Roberts, Finley, Hill, Zeile, Abbott and Harris may be the building blocks of the future, but they will have to learn the hard way. Joe Carter led the team in homers and RBIs, but Gary Gaetti didn't trail by much, despite playing 37 less games. Dwight Gooden's injury ruined what could have been a stellar season, considering his 10 wins in 17 starts. One thing is for certain; not many teams have 20 game losers. NJ had two, Nichols & Leiter. What an accomplishment?!?!?

NICEVILLE Samurai

Manager: Bill Jelks
Age: 48 **Occupation:** Retired

Robinson Division Champion

Biographical Sketch

Born in Jonesboro, Ark. December 16, 1942. Graduated from Ark Tech U. in 1964. Got a commission in the Air Force and finished a 24 year career in December, 1988. Was a flyer in AF for 17 years, 14 years in fighters. Will receive Masters in Psychology in March, 1991. Hope to be a Mental Health Therapist. May persue PHD. Divorced, I am a single parent with 3 teenage sons who live with me.

Team MVP: Esasky

Most Unexp. Perf: Blauser

The Season Story

I inherited a strong team, moved to a weak division, and felt very optimistic before the season started. Drove to Fort Myers in March and played all other Division members. With 22-10 result, was almost sure the Samurai would win their division. Three of the top 8 starters in all baseball ERA-wise (Saberhagen, Whitson & Drabek) plus Larry Andersen who was super as a stopper made it easy. Esasky, Clark & Calderon performed as expected. It was a fun first TML season. Next year will be a bitch, but I'm patient. The General Manager aspect is the most fun; rebuilding will take awhile, but we'll be there again soon!

PENSACOLA Stingray

Manager: Mark Hetterich (Connie)

Age: 43 **Occupation:** Instructional Developer

Biographical Sketch

Life seems to revolve around my 14 year old daughter (Dad-Taxi). Kristin is a freshman at Pine Forest High School (back to back State football champs in '88 & '89), made the swimming team (what a boring spectator sport - your kid is in the pool all of 3 minutes over a 3 hour meet), and will likely make the softball team (can't wait!). I was elected chairman of the Escarosa Softball Association - oversee 12 girls community softball programs, encompassing over 90 teams in three counties. One of our teams finished 4th nationally (USSSA).

Team MVP: Jeffries

Most Unexp. Perf: Jay Bell

The Season Story

With only one regular (Jeffries) and 8 platoon positions, managing was a nightmare (had 16 players finish with less than 15 at bats available). The Stingray finished last, as expected, with a bunch of kids. Jay Bell hit .299 and committed only 10 errors at SS to impress the management. Other rookies who contributed were Matt Williams, Joey Belle, Baughn, Sosa and L. Walker. With so many talented kids and a strong pitching staff for next season, the long awaited division title should be at hand. A series of off season deals has the Stingray looking tough for '91 - just look at the staff; Whitson 2.60, Boyd 2.93, Witt 3.36, Wells 3.14, McDowell 3.82, L. Smith 2.06, Andersen 1.79, Dibble 1.74, Schatzeder 2.20 & B. Jones 2.31.

The Season Story

Started off very well, especially on the road. In fact our road record kept us in the hunt throughout the year. We really tailed off in the 2nd half and it carried into the playoffs. Overall team had an exceptional year because of very good pitching and exceptional defense.

The Season Story

I suppose I deserved this. Complaining about the pitching in Replay, it was only a taste of the disaster ASG was. The Radar pitching staff was 18th in hits allowed, BB's allowed, HRs allowed and 17th in ERA. No way! This staff wasn't great but likewise it should not have been nearly this bad. The key to any baseball game is runs!! Who gives a damn about hits, walks, errors if a team gives up too many runs. This team did in part because the game keyed on hits, BB's, etc. and ignored runs completely. I'm sick of this. It's time to exit stage right. My brother will play the Radar next year. It should be a good team (Bonds, Sandberg, Z. Smith) but somehow they'll get screwed again.

The Season Story

SC fell short in its quest for a third straight AA crown, losing to WW in the finals. The puzzling item is that this year's team scored 116 more runs, and gave up 20 fewer runs than the 1989 team while setting team records for highest batting average, fewest errors, most wins and lowest ERA! Is there a way I can blame this on ASG? Howard Johnson scored 154 runs and drove in 116 while batting second all year, and rejoined the 40-40 club. All five starters pitched 200+ innings and had 15+ wins. SC handed Cy Young winner Mark Gubicza 4 of his 6 defeats with Bosio being the opposing starter each team, picking up 3 wins. Montgomery was a bit of a disappointment (1.37 real life ERA), but overall a fun year.

The Season Story

This was the worst team in the League on paper. We had the worst batting average, ERA, and fielding average composite, based on real life 1989 stats. In League, we committed the most errors, set a record high in ERAA and were 16th in BA, yet managed to win 59 games. A gratifying season, well above expectations.

The Season Story

This was truly a team in transition. From where I sit though, it appears to have performed as well as could be expected, given the personnel. The team demonstrated weaknesses in many area, which will need to be rebuilt.

The Season Story

First time a Geiger team has been over .500 in any league. Again TC's offense carried the load, led by Hrbek, Tettleton, Greenwell, Burks and Co. The starting pitching & defense were uninspired (at best), but Jeff Russell, D. Ward & Hickey combined for a 13-10 record with 41 saves and a 1.82 ERA. Many subs had good years with Magadan, Coolbaugh & Venable putting up very good numbers. A very satisfying year all in all!

The Season Story

Another good season with a well-balanced attack led by Bonilla and Franco. The league's best defense helped keep the pitching staff in games. Four starters with double figures in wins along with a bullpen paced by Lancaster and Jones helped lead the Wombats to a second consecutive division title.

ZAGAZIG Zilches

Manager: Bob Weisman (Sandi)

Age: 30 **Occupation:** Asst. Professor of Meteorology

Biographical Sketch

Year 3 of a Massachusetts Yankee in Vikingland. Halfway to tenure at the University if the State's \$1.4 billion shortfall doesn't get in the way. Sandi's one year into her Masters in psychology, debating among thesis titles such as "Curing My Husband's Nose-Picking Using Electroshock Therapy". It hit the bike trails with a vengeance, hitting the 2,500 mile mark before being put on the DL by a Rogue car with a fractured wrist.

Team MVP: Sierra

Most Unexp. Perf: Tartabull

The Season Story

The season can be summed up by the change to ASG. Offensively, it was Alone Sierra among the Geeks, the latter of which produced All Singles and GIDP's. This led to a team low batting average. Only Kunkel and Grissom and Stubbs provided any offensive help in part-time roles. The pitching was described as Another Starter Gone by the 7th partly because of their erratic nature, partly because of Henke, Olson, Nelson and the rest of a strong bullpen. The pitching staff couldn't cover up the weak defense resulting in Another Shot in the Gap plus an American low in DP's turned. Any pennant hopes were dashed by a 10-20 start so Another SeaSon Gone, already off-season has been Adios, Sayanora and Goodbye as the Zilches try to rebuild.

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created, where, $RC = ((H + BB - CS) * (TB + 0.55 * SB)) / (AB + BB)$

RC Factor: a comparison of runs scored against total runs created, where

RC Factor = R / RC ; a value under 1.00 might indicate runs lost due to careless base coaching, to many LOB, GDP, etc.

Proj. W-L%: the expected winning percentage based on a comparison of runs scored to runs allowed, where: Proj. W-L% = $R^2 / (R^2 + OR^2)$

Def DP: defensive double plays, which include all types of defensive DPs

Off DP: offensive double plays, which include all types of offensive DPs

Pit Err: pitcher fielding errors; included in total team errors

OP-%: the batting percentage against each pitcher; an average number of batters per inning was derived from the final Association stats

(American: $BFP = 2.847$; National: $BFP = 2.853$), where, $OP\% = H / (H + BFP * IP)$

NOTE: an asterisk (*) preceding any stat indicates that the player/pitcher led his Association in that stat category; a period (•) indicates that the player/pitcher tied for the lead in his Association in that stat category.

Biographical Sketch

Another year older and deeper in debt. Now with 3 sons. As Chris calls them - Matt, Muscles (Dan) and Mark - the M+M+M boys. Fairly standard year. Janet and I had little time for ourselves except in the delivery room. Didn't see any of you enough - especially my fun loving Brother in Law, Chris. Still love comics, all kinds of music and all my TML friends. Favorite pastime - being a Husband/Father. Matt rolled the dice against Larry in the last few games of the playoffs. Could be my dreams did come true.

Team MVP: Sierra/Orel

Most Unexp. Perf: Black

The Season Story

Most times its what you don't do. After pursuing Mark Davis hard during the off season, I took Eckersley instead, and look what happened! Probably the strongest Woodchopper team of all combining hitting, defense and pitching. Even though the team didn't lose face to face, I didn't have to do much of anything than just roll the dice. For that, I will pay this year, but probably have a lot more fun in just trying to be respectable. No one player or moment stands out, it was all fun.

The series opener saw a battle of the aces, Mark Gubicza(26-6) for Los Angeles and Bret Saberhagen(20-11) for Niceville. Both starters pitched fine, but it was the bullpens that ultimately decided the outcome. After lead-off singles by Esasky and Calderon off Darwin in the Niceville 9th, L.A. relief ace John Franco was greeted by a game-winning, pinch-hit, clutch double by Cerniti.

Game #2 starters were Greg Hibbard(8-10) for Los Angeles and Doug Drabek(21-10) for Niceville. All the scoring came in the 5th inning, L.A. on a solo homer by Slaughter and Niceville on four consecutive walks at the bottom of the lineup, followed by a Milt Thompson 3-run double. Niceville relief ace Andersen, with the help of two GIDPs, sealed the victory, giving the Samurai a 2 games to none series lead.

Game #3 saw Niceville send Ed Whitson(17-9) to the hill, to face Jose Rijo(7-9) of Los Angeles. A 2-run double by Whitaker in the 1st and a solo homer by Daniels in the 2nd, helped L.A. to build up a 5-0 early lead. The Samurai chipped away at the lead, only to see Cal Ripken blast a 2-run homer, putting the game out of reach. Boggs went 4 for 5 for the Spiders, with 3 doubles.

Game #4 saw a re-match of Game #1 starters, Saberhagen and Gubicza. The Spiders nipped Saberhagen for a run in each of the 2nd, 4th, 6th & 7th innings, while Gubicza was scattering 3 Samurai hits. After making a fielding error in the 9th with 1 out, leading to Niceville's only run, Gubicza needed relief help from Darwin to nail down the series tying victory. Boggs rapped out three more hits for L.A.

Game #5 found Drabek on the mound for Niceville and Ramon Martinez(7-4) for Los Angeles. Locked in a traditional 0-0 pitching duel, Cal Ripken blasted a lead-off solo homerun in the L.A. 7th. With 2 out in the top of the 9th, on the verge of a 3-game home sweep and the series lead, the Spiders saw the game get away when singles by Harper and Edgar Martinez were followed by a 2-run double by Blauser. There was some excitement in the home 9th, when Whitaker doubled with 1 out off Samurai relief ace, Andersen. However, Andersen rose to the occasion and fanned both Cal Ripken and Scioscia, for his 2nd save.

Game #6 starters were Hibbard for Los Angeles and Pasqual Perez(15-9) for Niceville. A costly 2-run error by thirdbaseman Wade Boggs was all that Perez, Guetterman and Andersen needed to nail down the series and advance to the next round versus the Sherlock C's. Esasky had added an insurance run in the 6th with a solo shot. Andersen earned his 3rd save, getting out of a 2-out, first & second jam in the 9th.

Western Playoff

Niceville vs. Sherlock

HR-J.Clark(1)													

The series opener saw a battle of the aces, Bret Saberhagen(20-11) for Niceville and Chris Bosio(23-6) for Sherlock. Niceville carried a 2-1 lead into the home 7th, when the C's rallied for 2 runs to take the lead. Hal Reynolds delivered a key RBI-single and reliever Jim Acker uncorked a bases loaded wild pitch to give the C's a 3-2 lead, a lead they never gave back. In fact, the C's bullpen of Burns, Pena and Montgomery held the Samurai scoreless over the final 6 innings of the game.

Game #2 starters were Doug Drabek(21-10) for Niceville and Tim Belcher(15-7) for Sherlock. A solo homer by "HoJo" in the C's first and another run built on more Samurai wildness (2 walks and an RBI-single), the C's built an early 2-0 lead. Belcher pitched his "required" four innings, before giving way to the C's pen. The parade of relievers kept the Samurai off balance, as Niceville could only push one run across, when Calderon doubled in the 7th and Edgar Martinez singled him in. Montgomery earned his 2nd save, retiring the side in order in the 9th.

Game #3 saw Sherlock send Kirk McCaskill(15-9) up against Pasqual Perez(15-9) of Niceville. In the 9th, with Sherlock leading 2-1, Montgomery was going for his 3rd straight save, but ran into a jam, walking the bases loaded. Milt Thompson drew a bases loaded walk to tie the game. For Thompson, it was his fourth time on base in the game. However, Oquendo flew out to end the rally. In the C's 10th, Alvin Davis delivered a 2-out single and scored on Brett's RBI-double. In the Niceville 10th, Montgomery rose to the occasion and struck out the side (Jack Clark, Esasky, Calderon) to seal the victory.

Game #4 was a re-match of Game #1 starters, Bosio and Saberhagen. The C's struck early and often, building up a 6-0 lead after 6 innings. The big blow was a 3-run blast in the C's 5th by Alvin Davis. Bosio pitched a strong 6 innings, before yielding to Pena, who was touched by a Blauser solo homer in the 8th. After issuing a 1 out walk in the 9th, Montgomery was called upon to put out the fire, which he did with precision, sending the Sherlock C's to the American finals for the 3rd straight year. Similar to last year, they will face Walla Walla.

The series opener saw Walla Walla send Mark Langston(14-12) up against Tom Candiotti(14-8) of Colonie. The Flames' Dave Martinez capped a sensational victory in the bottom of the 17th inning, with a 1-out, 2-run homer off Jose DeLeon. The Wombats had come back from 4-0 and 6-4 deficits, and had the lead going into the bottom of the 17th. This game was the 3rd longest TML postseason game and the 2nd longest ever in the American playoffs. (The longest was a 21-inning marathon back in 1980 between Ozark and Gotham City.)

Game #2 saw Walla Walla send Mark Portugal(7-4) to the mound, versus Nolan Ryan(14-11) for Colonie. All the scoring in this game took place in the 1st and 7th innings. The difference was the improbable 3-run, game-winning homer by Game #1 hero, Dave Martinez. Walla Walla's Rickey Henderson repped out a homer, triple and single, as well as stealing a base. Ryan fanned 10 in his 8 innings of work.

Game #3 starters were Rick Reuschel(17-7) for Colonie and Dennis Martinez(18-10) for Walla Walla. The Wombats scratched for single runs in the 2nd, 3rd & 4th innings and this proved to be more than enough, as Martinez, with help from Grosco and Lefferts, silenced the Flames'.

Game #4 was a re-match of Game #1 starters, Candiotti and Langston. The Wombats exploded all over the American ERA champ, blasting him for 11 runs in the first 3 innings! George Bell had a field day, socking a GRAND SLAM and going 4 for 5. Julio Franco and Wynne each had 3 hits, while Henderson walked and scored in each of the first 3 innings. Meanwhile, Langston coasted to a CG, 3-hit shutout.

Game #5 starters were Nolan Ryan for Colonie and Jose DeLeon(19-13) for Walla Walla. The two starters locked up in a 1-1 pitching duel through 8 innings. After DeLeon got through the 9th (having retired 9 straight Flames), Ryan gave way to Mark Davis in the home 9th. With 2 out, Bonilla drew a walk. George Bell followed with a game-winning double to center. Ryan fanned 10 more, giving him 20 K's in 2 starts.

Game #6 starters were Martinez for Walla Walla and Reuschel for Colonie. A 2-out, 2-run homer by Biggio in the Wombat 7th, broke a 2-2 tie and gave Walla Walla a lead the never gave back. It was not without excitement, as the Flames did put runners on 2nd & 3rd with only 1 out against Wombat relief ace, Doug Jones. Raines whiffed and Joyner flew out, thus sending Walla Walla in the American finals against Sherlock for the 2nd straight year. Colonie's Kevin Mitchell went 3 for 4, with 2 double and a solo homer.

Win-Langston(1-0)	Loss-A.Pena(0-1)												
HR-Puckett(1)													

The series opener saw a battle of the aces, Mark Langston(14-12) of Walla Walla and Chris Bosio(23-6) of Sherlock. Bosio took an early exit in favor of A. Pena, who got out of a small jam in the 4th. However, in the Wombat 5th, Van Slyke tripled and that started a 4-run outburst, highlighted with an RBI-double by Stillwell and a 2-RBI-single by Franco. With the help of a Bonilla triple in the 8th, Walla Walla added 2 more runs. Langston, with relief help from Lancaster and Orosco, held the C's to 4 hits and 1 run, the latter coming on a Puckett HR.

Game #2 starters were Mark Portugal(7-4) for Walla Walla and Tim Belcher(15-7) for Sherlock. Rickey Henderson led off the game with a single, stole 2nd and scored on an RBI-single by Franco. The Wombats added another run in the 2nd, when Seitzer drew a bases loaded walk from Belcher. These 2 runs proved to be enough, as Portugal, Orosco and Doug Jones scattered 3 Sherlock hits, en route to the combined shutout.

Game #3 saw Sherlock send Kirk McCaskill(15-9) to the hill, to face Jose DeLeon(19-13) of Walla Walla. Once again, the Wombats take the early lead, scoring a pair in the 2nd. Sherlock finally broke a 17-inning scoring drought in the 3rd, when Puckett singled to drive in Devon White who had rapped out a 1-out triple. Walla Walla stayed ahead of the C's the rest of the way, as their pitching continued to dominate, despite three fielding errors. Doug Jones entered the game in the 9th, with 1 out and 1 on, did the job, and earned his 2nd straight save. This victory gave Walla Walla a commanding 3 games to none lead over the defending American champs.

HR-none														

Game #4 saw a re-match of Game #1 starters, Bosio and Langston. An unusual collapse of the Sherlock bullpen allowed Walla Walla to come up with three runs in the bottom of the 9th, to tie the game at 6-6. This time, the C's bounced back for a run in the 10th, when Lefferts uncorked a wild pitch with runners on 1st & 3rd. Williamson retired the Wombats in order in the homer 10th, to keep the series alive. Sherlock's Eric Davis was 3 for 5, with 2 doubles and 4 RBIs.

Game #5 saw Sherlock call on Belcher, while Walla Walla sent Dennis Martinez(18-10) to the mound. Uncharacteristically, the C's blew three leads, the final one coming in the 11th. The Wombats had tied the game in their half of the 9th, with 2 outs, when Samuel pinch-ran for Rivera, stole 2nd, 3rd and home. The C's, after having scored the go-ahead run in the top of the 10th, saw their season end as Walla Walla mounted a steady rally off Pena. Henderson delivered a bases loaded single to tie the game and Seitzer drew a walk to force in the winning run, sending Walla Walla into the TML World Series against the National Champs, New York.

The series opener saw a battle of the aces, Orel Hershiser(23-6) for the National Champs, the New York Woodchoppers, and Mark Langston(14-12) for the American Champs, the Walla Walla Wombats. Walla Walla took the early lead in the 2nd, when Sierra misplayed a Rickey Henderson fly ball into a 4-base error, allowing 2 runs to score. The Wombats made it 3-0 in the 4th on a McReynolds sac fly. New York finally got on the board, when Pendleton rapped out a 2 out, 2-RBI double, scoring both Guerrero and Sierra. The score remained 3-2 into the 8th, when the Choppers tied the game on a Sierra lead-off double, immediately followed by an RBI-single by Downing. The double send Langston to the showers. Lancaster completed a shaky 8th, but managed to get out with a 3-3 tie. In the home 8th, Bobby Bonilla drew a lead-off walk, advanced to 2nd on a balk, to 3rd on a wild pitch, and scored the go-ahead run on a George Bell sac fly. Lancaster took the 4-3 lead into the 9th. Lonnie Smith led off with a single, but was doubled off first by a Sax line drive. Guerrero walked, but Lancaster fanned Sierra to end the game, thus drawing first blood in the Series. Hershiser took the tough 6-hit, complete game loss. New York's Pendleton was 4 for 4.

Game #2 starters were Kirk McCaskill(16-8) for New York and Jose DeLeon(19-13) for Walla Walla. The Wombats jumped into the lead on a 2-out, 2-run homer by Bonilla in the first. They added another solo run in the 3rd, on a bases loaded walk to Bell. Meanwhile, DeLeon scattered Woodchopper baserunners through the first 8 innings, thus preserving the 3-0 lead. Walla Walla added some insurance in the their half of the 8th, scoring a pair when Franco greeted Chopper reliever Duane Ward with a 2-RBI single. Franco had led off the inning with a single and Bonilla followed with a double. DeLeon carried the 5-0 lead into the New York 9th and ran into a little wildness, walking both Sierra and Downing. He lost his shutout when a potential game-ending DP failed. Doug Jones was called in to retire Santiago for the final out, as well as giving Walla Walla a 2 games to none lead in the Series. New York's Pendleton rapped out 3 more hits, making him 4 for 8 in the first 2 games!

Game #3 starters were Mark Portugal(7-4) for Walla Walla and Kevin Brown(12-12) for New York. In one of the most amazing displays of "defensive" pitching, Portugal scattered 11 New York hits and 2 walks over 6 innings and was only nicked for one run, which came in the Chopper 2nd on back-to-back doubles by Devon White and the red-hot Pendleton. New York left the bases loaded in the 3rd and 5th innings. Walla Walla chipped away, scoring single runs in the 3rd, 6th and 8th, to build a 3-1 lead. In the Wombat 8th, Rogers rescued Pena from trouble by getting Van Slyke to bounce into an inning-ending DP. Doug Jones, who had entered the game in the 7th, too the 3-1 lead into the home 9th. Jones gave up a lead-off double to Downing. The call went to Lancaster, who retired the next three batters, to earn the save and give Walla Walla a commanding 3 games to none lead in the Series.

Game #4 saw a re-match of Game #1 starters, Langston and Hershiser. The game remained scoreless into the 5th inning. Walla Walla broke the ice with a solo run, when Biggio delivered a 2-out, RBI-double. The Choppers fought right back, plating a pair, thanks to 2 Langston walks, a bases loaded infield single by Santiago and a ground out. The lead did not last too long, as the Wombats came back to re-take the lead 3-2 in the 7th, on a successful Biggio squeeze bunt, followed by an RBI-single by Henderson. With 2 outs in the home 7th, Lonnie Smith blasted a game-tying solo homer off Langston. In the New York 8th, with Lefferts now on the hill for Walla Walla, Guerrero led off with a single and scored 2 outs later on a clutch double by White. With a slim 4-3 lead, New York called on their ace reliever, Dennis Eckersley, who promptly retired the Wombats 1-2-3 in the 9th, to force the Series to at least a 5th game.

Game #5 saw a re-match of Game #2 starters, DeLeon and McCaskill. The day belonged to DeLeon. He served up a solo homer to Lonnie Smith leading off the home 1st, but then retired 17 straight Woodchoppers and 24 of those next 26 batters. DeLeon ran into a bit of trouble in the New York 9th when he issued a lead-off walk to Smith. Lancaster relieved and walked Sax. An out later, Sierra rapped out a clutch 2-run double, bringing the score to 5-3. After fanning Downing, pinch-hitter Buhner was walked intentionally, to face the hot Pendleton?? The rather "interesting" strategy worked, as Lancaster got Pendleton to bounce to third, ending the game and giving the TML Championship to the Walla Walla Wombats. Walla Walla had built up their lead by keeping constant pressure on New York pitchers, as runners were on base from the first through the 8th. Henderson, Franco and McReynolds all had 3 hits for the Wombats.

SOME CLOSING COMMENTS: This year's World Series saw the first appearance for both Managers, Bryan Sakolsky and Jim Pertierra. Both defeated the teams with the best records in their respective Associations en route to the Series. The New York squad boasted a record-setting pitching staff, having set a TML record lowest single season ERA of 2.43. Every New York starter had ERA's below 3.00 and all their relievers were below 2.00. Offensively, the New Yorkers hit .291, led by the National Player of the Year, Ruben Sierra. Statistically, Walla Walla did not have matching numbers, as their team ERA was 3.29 and the team batted .268. This was more of a team effort, as individuals contributed as needed. One strong point of Walla Walla was their defense, having set a TML single season record for fewest errors (62). In the Series, Walla Walla did not make an error and the "team" factor weighed heavily in their Championship drive.

Congratulations to both Bryan and Jim for a fine season.

TML Feedback

* 97 *

- Still a great league, but let's concentrate more on friendship and fun and much, much less on accuracy. (Rogers)
- At the crossroads. (Graham)
- Still learning the new game which is difficult without face-to-face play, but am ecstatic that for the first time in 4 years, my limits in final series were observed perfectly and I received no penalty for overuse because instructions were followed. (Gatto)
- I will miss Mike, which under him was #1 League, I hope it continues that way. (Runsey)
- I love ASG. What an improvement. May Mike enjoy his time off and come to enjoy the TML again. (Short)
- I'm in the TML for fun not for realism. (Christmann)
- A little controversy is a good thing.....! (Perrotti)
- Love it! Keep up the good work. Bring Mike back! I, for one, like stern, but fair leadership, which is what I saw this year. Anyone who can't follow simple and clear rules should bitcheth not. (Jefks)
- Solid leadership; good friends; Can it get any better than this? (Hettierich)
- We need some fresh air. Using various games certainly opens the windows. (Steinmetz)
- Great people! (Kopp)
- I never received so many late instructions and results as this year! Very frustrating. (Carpenter)
- The TML is, and has always been, a class organization. I hope the move back to fun is successful, I have always maintained that the game doesn't matter, it's the people you enjoy. (Fleming)
- More interesting than I anticipated. (Podicone)
- Despite many changes, arguably still the best around. Another great year for the Major League mutants. (Geiger)
- Power to the people, right on! (Khug)
- Glad to see us sticking with ASG. Hope league will remain the same with the changes. Thanks, Mike! (Salikocky)
- I hope everyone agrees with this assessment: Mike Landin, you have done an amazing job for 11 years. You will be missed! (Weisman)
- I am looking forward to many years of friendship and competition in the TML. (R. Ross)
- Still the best league, but the game is questionable! (C. Lentine)
- ASG is not my favorite game, but the League is! (Gaige)
- One of the more satisfying experiences of my life (either my life is very sad, or this League is that good! (Pittner)
- A quality league which is an honor to be a part of. (T. Ross)
- Still enjoying the friendships! (Goldberg)
- Sad to see the turnover and hear the grumblings that are ruining a great league. Home winning percentages were out of sight. (Mayko)
- Great! It has to be to survive all the years. Great friends. (Hall)
- Great friends, well run League, disappointed in game. (Mowry)
- I know I said this about REPLAY too, but I don't like ASG. (F. Lentine)
- Look forward to my second year. (Lagace)
- TML is great, ASG is bad. The any game proposal is the voice of sanity, maybe we should listen. (Albanese)
- Still works, still a pleasure! (Pertierra)
- Hopefully the League and the friendships will be around for a long, long time! (Ameen)
- Enjoy the challenge of trying to build a contender. (Story)
- We are getting old together. (Mahan)
- Continued excellence, my hat's off! (Zuchowski)
- Still a love of my life; let's not let the patients run the asylum. Get back real soon, Mike Landin! (Alber)
- Fairest League I've been in. You guys are great. (Schembati)

• This was a tough year. The failure of ASG to reproduce my team's performance this past season was a part of my decision to "take a break". The chore of being Co-Commissioner for 11 years and the abuse that I had to deal with during this particular season was a bit much. Jim's suggestion of a "sabbatical" was a great idea. The TML has been a major part of my life (as my work, even up to this point in time, speaks for itself), but no one should have to put up with personal abuse. The majority of you are GREAT and that is why I most likely will return. There is an old saying that, "It's a shitty job, but someone has to do it." This league should appoint a "Sergeant at Arms" to deal out fines and "kick ass" when required. If every league member had to take this job for at least one full season, then maybe, just maybe, you would all appreciate what I have been forced to do over the past 11 years to keep the TML (to quote Nite Mahan) as the "Cadillac of all mail leagues." (Landin)
