11/5/1931, OK31-NA31, Forbes Field

Mike Ameen's North Adams Bevers won their 2nd TML Championship. They upset Mike Landin's heavily favored Oakdale Ravagers in 6 games! Oakdale had a 10-0 record against North Adams during the regular season, but it didn't matter in the World Series. Oakdale fumbled their way through the 6 games, making 11 errors and hitting into 10 GDPs! North Adams had tied Sioux Falls in record at the end of the regular season, but took them out in 5 games. Likewise, Oakdale also unexpectedly defeated Conference Champ Albany in 5 games. North Adams's Playoff MVP Carl Reynolds batted .408 (20/49), with 9 runs, 18 RBI, 4 2Bs, 1 3B and 2 HRs!

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 68 **Occupation:** Retired & Baseball Junkie

The Season Story

The Avalanche rolled to a 110 win season before being bounced by the tough Ravagers in 5 games in the Conference Finals. Lou Gehrig created 219 runs with a 384 average and 91 extra base hits. He scored 176 runs. Goslin had 148 runs created and Averill had 143. Goslin had 92 extra base hits and Averill 82. Goslin had 171 RBIs. Cronin had 139 runs created and drove in and scored 140 runs. West had 112 runs created and the original walking man (109) Max Bishop created 93. The pitchers sure enjoyed pitching on the road. Brown was 22-5 3.60 ERA, Walker 22-2 3.44 ERA, Clark 20-4 3.55 ERA, French 19-11 3.54 ERA, and Hallahan 15-9 4.34 ERA. Lindsey racked up 12 nail biting saves. The team returns strong pitching and even stronger hitting in 1930. 1200 runs is possible. It might not lead the league. Keep your heads down in 1930!!!

ARKANSAS Travelers

Manager: (Vacant)

The Season Story

Arkansas had to watch the post season for the first time since 1943! The team had a great run but is in need of a rebuild. Jimmie Foxx was still the leader in most offensive categories and will make a run at “Player of the Decade” between himself and Lou Gehrig! Tony Cuccinello and Freddy Leach provided solid support to Foxx. Charlie Root was the team Ace, going 17-9. Ed Brandt and Lefty Gomez pitched well time and again, but still had losing records. The team needs a new Manager to bring back life to this franchise!

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 56 **Occupation:** Meteorologist/Data Scientist

The Season Story

Well, it appears the Hillbillies are in the wrong division. Armed with one of the top offenses in the league, the pitching is just not good enough to hang with big dogs. The offense was led by Chuck Klein, Mel Ott, and Al Simmons - all three finished in the top 10 in several categories. A solid supporting cast, led by Joe Stripp and Billy Sullivan helped keep the Hillbillies in games. On the other hand, the pitching staff was one of the worst in the league. George Earnshaw did get 17 wins, while Syl Johnson and Phil Collins added 14 apiece. The bullpen was affectionally called "TNT" for their ability to blowup at any time. More of the same is expected next season.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 65 **Occupation:** Retired Meteorology Professor

The Season Story

Bloomington reversed its cellar-dweller status of the previous two seasons. The return to mediocrity was fueled by an surprisingly effective starting pitching staff (Fitzsimmons, Kremer, Rhem, and especially Clint Brown) and a shockingly effective closer, Carl Fischer. That combination got BY into first place at the end of Block 2. However, an average offense was further hindered by a terrible bottom of the line-up, lack of power, poor baserunning, and the second highest number of double plays. Lyn Lary wasn't good enough to be a top hitter in an offensively charged season. The net result was a 17-25 Block 3 collapse from first to fourth. Certainly, the performance reinforced the mood during the Great Depression, but perhaps some of the performance wasn't visible during the Dust Bowl.

BRONX Highlanders

Manager: Hank Pedicone (Eileen)

Age: 75 **Occupation:** Retired NYS Attorney

The Season Story

The Highlanders combined mediocre pitching with abysmal hitting to produce an 86-loss season. Joe Vosmik provided a little offense with a .307 BA in 635 ABs, and George Watkins scored 117 runs. Not a whole lot else from the rest, although Vince Barton knocked 18 HRs in only 213 ABs. Only Mel Harder and Jumbo Elliott had double-digit wins (12 and 14, respectively), with the rest scattered among the staff. The team did fairly well on the road (over.500), but couldn't perform at all well at home (28-49!). With Vosmik, Luke Appling and Ripper Collins all leaving after this season (and a less than stellar draft pool), the future past is not looking too sunny in the Bronx.

CHESTERTOWN Blue Herons

Manager: Eric Rogers

Age: 67 **Occupation:** Retired Meteorologist

The Season Story

The 1931 Blue Herons were good enough to stay in the playoff race in the mediocre Atmospheric Conference, but in the end came up just short, 2 games behind North Adams and Sioux Falls. CH's inability to put Summer away in Periods 2 and 3 proved fatal to CH's playoff hopes. The pitching was the team's main strength, with a team ERA under 4.00 and three starters with 15 wins, led by Firpo Marberry (15-10, 3.01 ERA, 8 SV). Charlie Grimm (.376/.440/.549) had a career year at the plate. The 1930 team looks like they'll hover near .500 again and may contend for 2nd place if they get a few breaks.

DULUTH Thundercats

Manager: Kevin Tyle (Bryan)

Age: 61 **Occupation:** Computer Administrator/Meteorologist

The Season Story

Duluth enjoyed its best season of the decade, though still not nearly good enough to factor in the playoff race. Offense was the strength, highlighted by Earl Webb's .401 batting average to lead the league. Earle Combs, Kiki Cuyler, Ski Melillo, and Mickey Cochrane also had stellar campaigns. The Thundercats lacked pitching; our team ERA was fourth-worst in the TML. As we head into the "Year of the Hitter", we'll see if the Thundercats' bats will remain strong enough, and the moundsmen remain capable enough to produce another winning season.

NORTH ADAMS Bevers

Manager: Mike Ameen

Age: 61 **Occupation:** Restaurateur & H.S. Softball Coach

TAA Champion

The Season Story

Well, we are the Champions! Our goal of making the playoffs was accomplished finishing second in our Conference, losing on a tie breaker to Sioux Falls (both finishing 83-71). The Bevers dispatched Sioux Falls in 5 games in the Conference round to advance to the World Series facing the mighty Oakdale squad. Possibly playing our best ball all year North Adams defied the odds and took out Oakdale in 6 games to win our 1st Championship since 1946! The 1930 season should bring contention for another playoff run and a chance to defend our title! The regular season was highlighted by strong pitching from Dazzy Vance (14 wins, 2.79) George Uhle (11 wins, 3.50) and a solid 10 saves and a era of 1.69 Charlie Sullivan. over on the offensive side Babe Herman with 84 extra base hits led a strong order getting lots of help from Jim Bottomley, Red Kress, Woody English, Carl Reynolds and Johnny Fredrick. Can't wait for spring training 1930 to start a new season as defending champs!!

The Season Story

Another season ... same outcome failure as the previous two seasons! A team still loaded with great **individual** regular season performances ... but unable to put it together to play like a ***team*** and win a TML Championship. This time they lost to North Adams, a team that they had gone 10-0 against during the regular season! Unbelievable. I now fully expect this trend to continue in 1930 ... **great** individual performances ... leading to **failure** when it counts! If I could fire myself ... I would!

The Season Story

Another mediocre year, ending up in 6th place and 20 games underwater. A little better than average in hitting and fielding, and a little worse in pitching, but that was not enough to achieve 0.500. Travis Jackson led the team with a 0.342/0.377/0.464 slash good for 117 RC. Dale Alexander and Sam Rice also had good seasons. Ben Cantwell's 3.20 in 33 games was the best of the regulars, and George Blaholder led the team in both wins (14) and losses (17). The persistence forecast for 1930 is more of the same and, at this point, that's climatology also.

Putting a bet on the Sioux to win a playoff series is getting to be akin to tossing a hard 6 at the craps table, finding the nearest speakeasy for a hard drink, or forecasting the amount of snow in next weeks storm. The season came to a showdown with North Adams at the end, ending the regular season in a tie but taking the tiebreaker by a game. So this meant a rematch in the Atmospheric conference championship where we were quickly disposed of 4 games to 1. Rinse, and repeat. Still, it was a somewhat unexpected trip - almost always on point on the mound with a league second best ERA. Ferrell led the staff with 300 IP and 25 wins, while going the distance 26 times with 4 shutouts. Unfortunately, even that was not enough to balance the "great depression" offense. Ben Chapman was the all-around stud, Hal Rhyne and Nick Cullop were solid, and then it got fairly dismal and unproductive. Looks like a similar outcome is ahead, er, behind.

SONOMA Crushers

Manager: Jack Kohn (Patti)

Age: 88 **Occupation:** Retired USAF Lt. Colonal

The Season Story

Not the worst season in my 24 seasons of American Retro play. My 1931 recap of 56-98 narrowly bested our 1936 record of 49-105. The 24 year record of 1742-1954 yields a .471 percentage...a long way from the .500 target. Buzz Arlett, Sonoma's #1 pick in 1931 was good for his only TCML season as he teamed with reliable Lefty O'Doul's 96 RBI to provide the small bit of Sonoma offense. The Crushers did well in 1-run games with a 24-20 record.

SUMMER Cyclones

Manager: (Vacant)

Age: xx Occupation: xxx

The Season Story

A rebound of sorts to 5th place and 72 wins! The Cyclones never really were in contention for a playoff spot, but they did play the spoiler in Period 3 and damaged the post season hopes of both Chestertown and Bloomington! The offensive leader, by far, was Ed Morgan who played in every game, batted .374, with 232 Hits, 44 doubles, 11 HRs and 139 Runs. Helping Morgan were Willie Kamm (87 RBI) and Red Worthington (93 RBI). Fred Schulte scored 120 Runs and led the team in HRs with 13. In pitching, Jack Russell led the staff in wins with 14. Right behind were Hank Johnson (13 W) and Bob Smith (13 W). Jack Quinn was back at his closer role, saving 12 games. The rebuilding project will continue, but this team may still be 5+ years away from returning to contender status. (A full-time Manager would help.)

WALLA WALLA Wombats

Manager: Bryan Sakolsky (Carol)

Age: 58 **Occupation:** Sales Director

The Season Story

The Walla Walla Wombats endured a historically rough season, finishing 36–118—twenty games worse than the next-lowest club. Even so, a few hitters stood out amid the struggles. Paul Waner remained the lineup’s anchor, batting .289 with 14 homers, 92 runs, 78 RBI, and an excellent 104 walks. Lew Fonseca was the team’s most dependable bat, hitting .301 with 198 hits and 104 runs scored. Joe Sewell posted a steady .299 average with strong on-base skills, while Charlie Gehringer added a .285 mark and quality production in limited action. Depth players contributed occasional offense but couldn’t lift a thin lineup that managed only 58 home runs and a .344 slugging mark. Pitching, however, was the actual downfall. The staff carried a 5.87 ERA as opponents hit .310 against them. Pete Appleton (10–22) and Tony Kaufmann (10–24) logged heavy innings but struggled under constant pressure. Wally Hebert (6–27, 6.04 ERA) and Pat Caraway (1–12, 8.30 ERA) also endured punishing seasons, reflecting a rotation and bullpen stretched far beyond its limits. Despite the bleak record, the offensive core of Waner, Fonseca, and Sewell showed the lineup had competitive pieces. A complete overhaul of the pitching staff and an infusion of power would be crucial steps for the Wombats to escape the league basement in future seasons.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

♦ - TML Record

◇ - Tied TML Record

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
